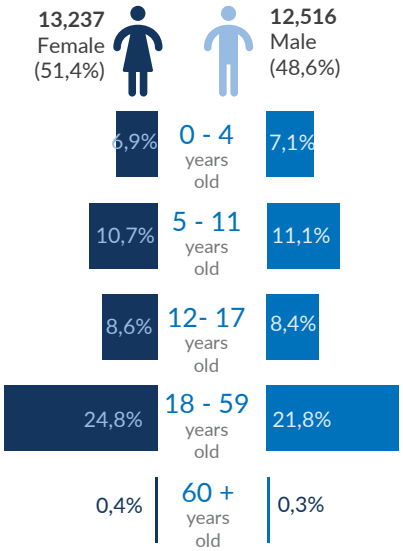
# Emergency response in the Doolo zone of Somali region

*Week 13 & 14 - as of 09 June 2023*

**91,000**
newly arrived refugees **preregistered** in the Doolo Zone

**25,754**
**refugees** have been individually registered since 11 April 2023.

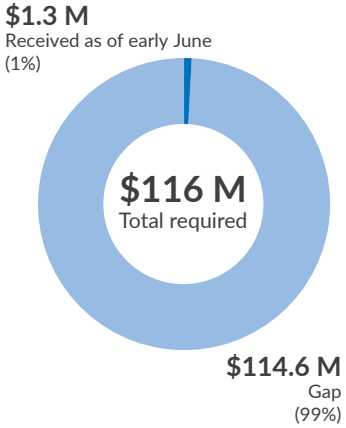
### Age and Gender Breakdown



**83,450**
**persons** reached by food assistance

**803**
**persons with specific needs** have been assisted

On March 22, UNHCR and partners released the Inter-Agency Emergency Refugee Response Plan for the Influx of Refugees in the Somali Region of Ethiopia.



## Settlement Approach in the Doolo Zone

Driven by the Federal and Regional Governments' proactive commitment to the Global Compact for Refugees (GCR) and the Comprehensive Refugee Response Framework (CRRF), the **refugee settlement approach** in the Doolo Zone promotes solutions planning and social cohesion from the outset of the emergency. It entails refugees' access to and inclusion within **local service provisions** such as water supply, education, health, and livelihoods - alongside their host communities. The **inclusion environment** also promotes strong social networks, peaceful coexistence, and sustainable self-reliance mechanisms.
