SITUATION UPDATE

Pakistan has been generously hosting millions of Afghans for over 40 years with significant movements of Afghans in both directions. Currently, Pakistan hosts over 3 million Afghans and provides open access to both public health and education services. The majority of refugees have exercised their freedom of movement and 68.4 per cent of refugees live in outside refugee villages. Given that most Afghan refugees and other Afghan nationals in Pakistan live in urban or semi-urban areas and their daily lives intersect with members of the host community many of whom are also from the most vulnerable sections of society, this response plan targeted 3.1 million Afghan refugees and Afghans of other status, and 1.4 million host community members.

In view of the significant presence of Afghan refugees and other Afghan nationals in Pakistan, the RRP 2023, which was the outcome of interagency consultations, including also with the GoP, sought to increase support to the Government's ongoing efforts and people of Pakistan with an aim to safeguard the protection and build the self-reliance of the Afghan populations, as well as to further assist host communities. Existing and new programmes focused on health interventions, education, livelihoods, food security, water and sanitation, protection and provisions of green energy, were encompassed in this multi-sectoral plan in a manner that bridged humanitarian and development assistance.

KEY FIGURES

1.5M Refugees

1.6M Afghans with other status

1.4M Host community

RESPONSE OVERVIEW

Protection

44% Funding received

460,000 Reached

By gender and age

Men	35%
Women	33%
Boys	16%
Girls	16%

Sector Highlights

103,000	Individuals reached during awareness raising activities
91,365	Issued dentity documents
3,251	Individuals trained on prevention and responseto CP concerns
22,577	Individuals accessing legal assistance
18,034	Individuals reached through community outreach

Education

34% Funding received

162,000 Reached

By gender and age

Men	3%
Women	2%
Boys	53%
Girls	43%

69,192	Children supported with access to primary education
2,180	Children supported with access to secondary education
5,222	Students supported to access non formal education
62,473	Students and teachers provided with education supplies
3,549	Individual who received CBI for educational purposes

WASH

11% Funding received

321,000 Reached

By gender and age

Men	18%
Women	39%
Boys	22%
Girls	21%

5,216	People reached with messages on safe and hygienic practices
109,419	People reached through water supply system
67,224	Individuals benefited from WASH installations at health facilities
29,478	Persons receiving hygienic supplies
239,037	Students benefited from the provision of WASH installations

Health

12% Funding received

280,000 Reached

By gender and age

Men	22%
Women	51%
Boys	12%
Girls	15%

Sector Highlights

250,570	Individuals supported to access primary healthcare services
27,996	Individuals supported to access secondary/tertiary healthcare
1,116	Individuals who received CBI for health purposes

Nutrition

9% Funding received

204,000 Reached

By gender and age
