UNHCR-IOM FLASH UPDATE #69

UNHCR The UN Refugee Agency | IOM UN MIGRATION

ARREST AND DETENTION | FLOW MONITORING (15 September 2023 – 15 November 2025)

INTRODUCTION

In response to the Ministry of Interior's (MoI) decision of 26 September 2023 to enact an "Illegal Foreigners' Repatriation Plan", UNHCR, the UN Refugee Agency and IOM, the UN Migration Agency, have collated their data on the arrest, detention, and deportation of Proof of Registration (PoR) holders, Afghan Citizen Card (ACC) holders, and undocumented Afghan nationals as well as on the outflows of Afghan nationals at the Torkham, Ghulam Khan, Chaman, Badini and Bahramcha border crossing points, to better understand the protection environment and movements of Afghan nationals returning to Afghanistan from Pakistan.

In 2025, the Government of Pakistan (GoP) issued several directives impacting Afghan nationals. In January, the GoP announced that Afghan nationals should relocate from Islamabad Capital Territory (ICT) and Rawalpindi, or else face deportation. In April, further announcements indicated the implementation of the second phase of the "IFRP", targeting ACC holders, in addition to undocumented Afghans. In July, the GoP issued a Statutory Regulation Order (SRO) directing the repatriation/deportation of PoR card holders following the expiry of PoR card validity on 30 June. The GoP later indicated a deadline of 1 September for PoR holders to leave Pakistan, before the start of the repatriation/deportation process. UNHCR issued a press briefing expressing concern regarding the decision and urging the GoP to exempt Afghans with international protection needs, as well as those with particular circumstances or vulnerabilities, from involuntary return.

KEY FINDINGS AND LIMITATIONS

Prior to 2023, there was no data collected on the arrest and detention of ACC holders or undocumented Afghan nationals. Since January 2023, IOM has started to collect this data. The figures, particularly of undocumented Afghan nationals, should be considered underreported.

- During the reporting period (9 – 15 November), a total of 10,513 Afghan nationals were arrested and detained, marking a 21% decrease compared to the previous week.
- Out of all arrests and detentions during the reporting period (9 – 15 November), ACC holders and undocumented Afghans represented 77% of the total rate of arrest and detentions, and PoR holders represented 23%.
- During the reporting period (9 – 15 November), 66% of the total reported arrests and detentions took place in Balochistan, and 20% took place in Pakistan-administered Kashmir.
- Across Pakistan, the top three districts for arrest and detention between 9 and 15 November 2025 remain Chaghi (Balochistan), Attock (Punjab), and Quetta (Balochistan).

ARREST AND DETENTION | FLOW MONITORING (15 September 2023 – 15 November 2025)

IOM border monitor conducting an interview at Chaman border. [IOM Pakistan 2025]

KEY FINDINGS

- Cumulatively, from 15 September 2023 to 15 November 2025, 1,767,552 individuals have returned.
- During the period 9 – 15 November 2025, UNHCR and IOM estimate 44,071 Afghans returned through the Torkham, Ghulam Khan (located in Khyber Pakhtunkhwa), Chaman, Badini and Bahramcha (located in Balochistan) border crossing points to Afghanistan.
- Between 9 – 15 November 2025, the number of returns and deportations decreased by 21% and 23% respectively — compared to the previous week of 2 – 8 November (55,768 returns including 13,548 deportations). During 9 – 15 November, the figures reached 44,071 returns, including 10,461 deportations. The decrease is likely due to the fact that most returns were processed immediately after the reopening of the Torkham border on 1 November, leading to a temporary spike in movements during the previous reporting period. Current figures suggest that flows are now stabilizing following the initial surge.
- For the returns from 9 – 15 November 2025, most of the returnees were PoR holders (48%) followed by undocumented (41%) and ACC holders (11%). Majority of the POR returns include those facilitated by UNHCR through the Voluntary Repatriation Centers (VRCs).
- For the deportees from 9 – 15 November 2025, most were undocumented (80%); followed by PoR holders (14%) and ACC holders (6%).
- Since 1 April 2025, 913,519 Afghan nationals returned, of which 125,620 (14%) were deported. During the period, fear of arrest remained the main reason for return among undocumented individuals and ACC holders (94%) as well as PoR holders (38%).
- During the same time period, returnees were most likely to return from Quetta (22%); Attock (12%) and Islamabad (9%) in Pakistan and intend to go to Kunduz (21%), Nangarhar (20%) and Kabul (18%) in Afghanistan.

CUMULATIVE – 2023, 2024 AND 2025

1,767,552 (100%)* TOTAL NUMBER OF RETURNS

1,398,264 (79%) TOTAL RETURNEES

202,297 (11%)** TOTAL FACILITATED PoR RETURNEES

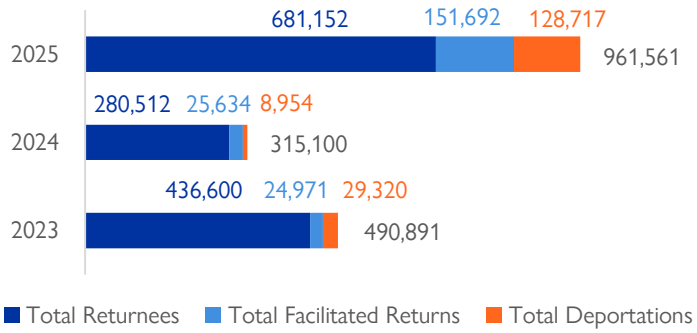
Total	**1,767,552**	**1,398,264**	**202,297**	**166,991**



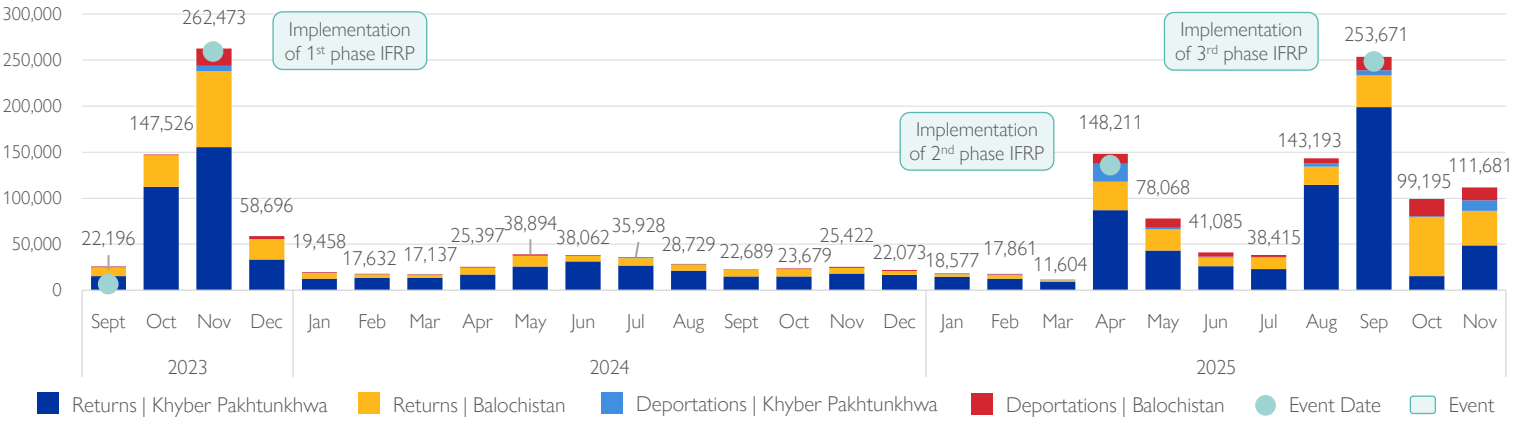
DOCUMENTATION – TOTAL NUMBER OF RETURNEES (EXCLUDING DEPORTEES)

Undocumented ***	1,170,831 (73%)
ACC holders	84,982 (5%)
PoR holders ****	344,748 (22%)

DOCUMENTATION – TOTAL DEPORTEES

ACC/Undocumented (15 Sep 2023 – 31 Mar 2025)	39,333
Undocumented (1 Apr – 15 Nov 2025)	99,072
ACC holders (1 Apr – 15 Nov 2025)	16,382
PoR holders ***** (15 Sep 2023 – 15 Nov 2025)	12,204

TOTAL RETURNS AND DEPORTATIONS | 15 SEPTEMBER 2023 – 15 NOVEMBER 2025



* This number includes returnees who received post-arrival assistance by the IOM-led Border Consortium in Afghanistan at Torkham and Spin Boldak border crossing points.

** The number refers to facilitated PoR returns through VRCs who crossed the border during the reporting period.

*** Includes 47,119 Aghans who were registered with UNHCR.

**** Refers to all groups of undocumented Afghans, including of holders of expired PoR cards who did not renew their PoR cards during the latest verification exercise conducted by the GoP in 2021 (DRIVE).

***** This figure refers to PoR holders based on interviews conducted with returnees in Afghanistan.
