LEBANON
Response Plan

LRP Health Sector Annual Workplan 2026

			2026 Timeline								Status			
Sector Priorities & Mainstreaming Areas	**Key Priorities**	**Main Actions**	**Q1**	**Q2**	**Q3**	**Q4**	**Cross-Sector Support** (Choose relevant sector/s with which you will work to achieve your priority)	**Responsible**	**Main Partners (Optional)**	**Additional Comments**	**Q1**	**Q2**	**Q3**	**Q4**
Sector Priority	**Coordination**	Conduct monthly National Health Sector Working Group (NHSWG) Meeting (Last Friday of the month).	X	X	X	X	Nutrition, WASH, Protection sector	National Health Sector Coordination Team						
		Include action points update for the NHSWG meetings- indicating the tasks, deadline, status and person or agency responsible.	X	X	X	X	Nutrition, WASH, Protection sector	National Health Sector Coordination Team						
		Conduct quarterly Health Sector Core Group meetings.	X	X	X	X		National Health Sector Coordination Team						
		Include action points update for the Core group meetings- indicating the tasks, deadline, status and person or agency responsible.	X	X	X	X		National Health Sector Coordination Team						
		Conduct monthly national-subnational coordination team meeting, including action points, specific tasks, deadline, status and person or agency responsible.	X	X	X	X		National Health Sector Coordination Team						
		Ensure and strengthen linkages with establish taskforces and sub working groups (MHPSS TF, PWD TF, SRH Sub WG)	X	X	X	X	Protection, Education, Nutrition, WASH	National Health Sector Coordination Team						
		Establish and maintain the specialized taskforces in consultation with MoPH, partners and donors to coordinate and to discuss the priorities, gap and available support (Medication, Hospitalization).	X	X	X	X		National Health Sector Coordination Team						
		Update the Health Sector Google Drive and Platforms including dashboards, portals on regular basis with relevant sector material.	X	X	X	X		National Health Sector Coordination Team						
		Develop and publish monthly Health sector 'At the Glance' and quarterly 'dashboards'.	X	X	X	X		National Health Sector Coordination Team						
		Strengthen referral pathways between PHC centres and hospitals, especially for emergency cases, high-risk pregnancies, CMR services, and hospitalization needs.						National Health Sector Coordination Team SRH sub-working group						
		Coordinate partner's activities at the community and PHC level to avoid duplication and gaps and support the LPSP protocol.	X	X	X	X		National Health Sector Coordination Team						
	Advocacy	Strengthen the advocacy for health and resource mobilization through but not limited to donors meeting and briefings.	X	X	X	X	ISCG	National and Subnational Health Sector Coordination Team						
		Advocate for sustained funding for hospitalization and life-saving care, Syrian refugees access risk						National Health Sector Coordination Team						
		Prepare needs assessments and situation analysis reports/ guidance documents/ briefing papers for HC/HCT, UNCT, sector lead and core group for evidence informed resource allocation.	X	X	X	X	ISCG	National Health Sector Coordination Team						
		Conduct meetings with MoPH to inform on the progress of the response and advocate for needed guidance.	X	X	X	X		National Health Sector Coordination Team						
		Conduct bilateral and joint donors meetings to advise on gaps, priority needs and advocate for resources.	X	X	X	X		National Health Sector Coordination Team						
		Represent Health sector in Inter-Sector Coordination Group, Governmental meetings, and Sector working groups.	X	X	X	X		Health Sector Coordination Team						
		Advocate for enhanced data sharing between partners across sectors.	X	X	X	X	Nutrition, WASH, Protection sector	National Health Sector Coordination Team						
		Increased advocacy for comprehensive services including vaccination, SRH (including improving utilization of Family Planning commodities), MHPSS, Nutrition, Disability Inclusive services at PHC.	X	X	X	X	Nutrition, WASH, Protection sector	National Health Sector Coordination Team						
		Continue advocating the integration of midwives in PHCs and public hospitals to provide quality SRH services and guarantee access to quality care at reduced costs i.e. Midwifery-led model.	X	X	X	X		National Health Sector Coordination Team						
		Advocate for neonatal mortality audit for all neonatal deaths at the national level.	X	X	X	X		National Health Sector Coordination Team						

		Continue advocacy for healthcare price regulation and benchmarking at the PHC centres (cost of consultation, EKG, Ultrasound etc.).	X	X	X	X		National Health Sector Coordination Team						
		Continue advocacy for subsidized institutional delivery costs for pregnant women, CMR services, inclusive services, and to fast-track delivery appointments at SHCs.	X	X	X	X		National Health Sector Coordination Team						
		Continue advocacy for life and limb saving hospitalization support including high-risk pregnancies, psychiatric admissions for all population groups.	X	X	X	X		National Health Sector Coordination Team						
	Sector Situation Analysis	Keep the service mapping (3Ws, 4Ws, 5Ws PHC Master list, MMU, SHC),prepardness plan updated and available to target population and NHSWG including MHPSS, SRH, health sector outreach services	X	X	X	X		National Health Sector Coordination Team						
		Develop quarterly joint situation analysis in collaboration with subnational coordination team, key partners and other relevant sectors, and publish periodic situation analysis in the quarterly sector updates.	X	X	X	X		National Health Sector Coordination Team						
		Support partners to update Service Availability and Reporting data on Activity Info and make sure data is reasonable and coherent.	X	X	X	X		National Health Sector Coordination Team						
		Conduct Activity Info trainings & refreshers to Health sector partners	X	X	X	X		National Health Sector Coordination Team						
	Monitoring & Evaluation	Conduct quarterly review of the progress against LRP results, identify challenges/ bottlenecks achieving results and incorporate the findings in Health sector information products and advocacy strategies	X	X	X	X		National Health Sector Coordination Team						
		Monitor access to hospitalization, maternal health outcomes, high risk pregnancy, emergency obstetric care, mortality rate,CMR services, and communicable disease trends.						National Health Sector Coordination Team SRH sub-working group						
		Present the identified challenges/ bottlenecks to the Health sector core group for technical guidance and to the NHSWG for information sharing and advocacy.	X	X	X	X		National Health Sector Coordination Team						
		In collaboration with MoPH departments, subnational coordination teams, partners and donors conduct at least two field missions per month.	X	X	X	X		National Health Sector Coordination Team						
	Emergency Preparedness & Response	Conduct ad-hoc NHSWG emergency meetings if needed based on the situation (Example: Cholera)					Nutrition, WASH, Education, Protection sector	National Health Sector Coordination Team						
		Conduct biannual review of the minimum preparedness capacity and stocks in close collaboration with subnational coordinators and partners	X	X	X	X	ISCG, WASH	National Health Sector Coordination Team						
		Continue the support to PHEOC of MoPH to operationalize emergency preparedness and response plans	X	X	X	X		National Health Sector Coordination Team						
		Prepare ad-hoc needs assessments and crisis situation analysis reports/ guidance documents/ briefing papers for HC/HCT, UNCT, Sector lead and core group for evidence informed resource allocation					ISCG, WASH	National Health Sector Coordination Team						
		Monitor contingency indicators and advise on any risks.	X	X	X	X		National Health Sector Coordination Team						
Mainstreaming Area	**Protection**	Update the Protection Risk Analysis for the Health sector.	X		X		Protection sector	National Health Sector Coordination Team						
		Continue advocacy to prioritize women, men, boys and girls, adolescents and youth, including marginalized communities (LGBTIQ+, PWDs…) to ensure their access to quality health services	X	X	X	X	Protection sector	National Health Sector Coordination Team						
		Ensure MHPSS components are integrated into all health programs, ensuring a holistic approach to patient care.	X	X	X	X	Protection, Education sector	National Health Sector Coordination Team						
		In collaboration with NMHP, develop and distribute clear referral pathways for mental health and substance use cases.		x			Protection, Education, Migrant sector	National Health Sector Coordination Team						
		In close collaboration with the protection sector, raise awareness among healthcare providers about the rights of PoCs to access care without ID confiscation		x			Protection, Education, Migrant sector	National Health Sector Coordination Team						
		Increase efforts for disability inclusion in all health activities implemented by partners including direct service delivery, capacity building, decision making, and programme design.	X	X	X	X	Protection, Education sector	National Health Sector Coordination Team						

	Accountability for Affected Population	Maintain robust coordination mechanism and continue an inclusive response for all vulnerable groups including Lebanese and Non-Lebanese population	X	X	X	X	ISCG	National Health Sector Coordination Team						
	Gender & GBV	Conduct quarterly review of the progress against Gender Action Plan, identify the bottlenecks and way forwards	X	X	X	X	Protection sector	National Health Sector Coordination Team						
		Increase efforts to mainstream gender in all health activities implemented by partners including direct service delivery, capacity building, decision making, and programme design.	X	X	X	X	Protection sector	National Health Sector Coordination Team						
		Continue advocacy and collaboration with GBV WG building capacity on clinical care for survivors of sexual abuse (CCSAS) and clinical management of rape (CMR) and other forms of GBV at PHC & SHC, on identification, referral and management of GBV cases. Increase efforts to integrate GBV within SRH services	X	X	X	X	Protection sector	National Health Sector Coordination Team						
	Conflict Sensitivity	Develop and deliver tailored training modules on conflict sensitivity, including de-escalation techniques and managing social tensions in healthcare settings		X		X		National Health Sector Coordination Team						
	PSEA	Collaborate with PSEA focal points to develop clear, actionable roadmaps with timelines and responsibilities	X	X	X	X	ISCG	National Health Sector Coordination Team						
	Environment	Ensure that all Health partners comply with the guidance of the Ministry of Environment and disseminate any environmental guidance to HWG. Advocate with MoPH and Ministry of Environment to tackle medical wastes and wastewater management at the health facilities	X	X	X	X	ISCG	National Health Sector Coordination Team						
	Energy	Continue advocacy for prioritizing Health for sustainable energy solutions	X	X	X	X	ISCG	National Health Sector Coordination Team						

LEBANON Response Plan

LRP Health Sector Annual Workplan 2025

			2025 Timeline								Status			
Sector Priorities & Mainstreaming Areas	**Key Priorities**	**Main Actions**	**Q1**	**Q2**	**Q3**	**Q4**	**Cross-Sector Support** (Choose relevant sector/s with which you will work to achieve your priority)	**Responsible**	**Main Partners (Optional)**	**Additional Comments**	**Q1**	**Q2**	**Q3**	**Q4**
Sector Priority	**Coordination**	Conduct monthly National Health Sector Working Group (NHSWG) Meeting (Last Friday of the month).	X	X	X	X	Nutrition, WASH, Protection sector	National Health Sector Coordination Team						
		Include action points update for the NHSWG meetings- indicating the tasks, deadline, status and person or agency responsible.	X	X	X	X	Nutrition, WASH, Protection sector	National Health Sector Coordination Team

LEBANON Response Plan

LRP Health Sector Annual Workplan 2024

			2024 Timeline								Status			
Sector Priorities & Mainstreaming Areas	**Key Priorities**	**Main Actions**	**Q1**	**Q2**	**Q3**	**Q4**	**Cross-Sector Support** (Choose relevant sector/s with which you will work to achieve your priority)	**Responsible**	**Main Partners (Optional)**	**Additional Comments**	**Q1**	**Q2**	**Q3**	**Q4**
	Coordination	Conduct monthly National Health Sector Working Group (NHSWG) Meeting (Last Friday of the month). Share the invitation one week in advance and the minutes one week after the meetings.	X	X	X	X	Nutrition, WASH, Protection sector	National Health Sector Coordination Team						
		Include action points update for the NHSWG meetings- indicating the tasks, deadline, status and person or agency responsible.	X	X	X	X	Nutrition, WASH, Protection sector NMPH RHSWG	National Health Sector Coordination Team						
		Support (as requested) and follow up monthly action-oriented sub-national, technical working groups, taskforces meetings. Action points shall include a clear task with responsible agency/ organization.	X	X	X	X		National Health Sector Coordination Team, sub-national coordinators, technical working groups and taskforce coordinators						
		Conduct quarterly Health Sector Core Group meetings.	X	X	X	X	Nutrition, WASH, Protection sector	National Health Sector Coordination Team						
		Include action points update for the Core group meetings- indicating the tasks, deadline, status and person or agency responsible.	X	X	X	X		National Health Sector Coordination Team						
		Conduct monthly national-subnational coordination team meeting, including action points, specific tasks, deadline, status and person or agency responsible.	X	X	X	X		National and Subnational Health Sector Coordination Team						
		Ensure and strengthen linkages with establish taskforces and sub working groups.	X	X	X	X	NMHP, SRH WG	National Health Sector Coordination Team						
		Establish specialized taskforces in consultation with MoPH, partners and donors to coordinate and to discuss the priorities, gap and available support (Medication, Hospitalization).	X	X	X	X		National Health Sector Coordination Team						
		Update and support (as requested) the Health Sector, technical working groups and taskforces Google Drive and Platforms including dashboards, portals on regular basis with relevant sector/technical material.	X	X	X	X		National Health Sector Coordination Team, sub-national coordinators, technical working groups and taskforce coordinators						
		Develop and publish monthly Health sector 'At the Glance' and quarterly 'dashboards'.		X	X	X	None	National and Subnational Health Sector Coordination Team						
		Coordinate partner's activities at the community and PHC level to avoid duplication and gaps and support the LPSP protocol.	X	X	X	X	None	National Health Sector Coordination Team						
		Identify and share good practices and innovative approaches in close collaboration with technical working groups and taskforces for peer learning at national and sub national level	X	X	X	X		National Health Sector Coordination Team, sub-national coordinators, technical working groups and taskforce coordinators						
		Develop and support (as requested) capacity building survey for the technical working groups, taskforces identifying technical support needs and relevant agencies with expertise on specific subjects.	X	X	X	X		National Health Sector Coordination Team, sub-national coordinators, technical working groups and taskforce coordinators						
		Harmonize capacity building interventions by technical working groups and taskforces by collecting available training packages, creating a training folder with different training modules and to disseminate training opportunities by different agencies/organizations.	X	X	X	X		National Health Sector Coordination Team, sub-national coordinators, technical working groups and taskforce coordinators						
		Strengthen the advocacy for health and resource mobilization through initiating and supporting the development of policy briefs, studies/ evidence that highlight the needs of the health sector i.e. for maternal newborn health.	X	X	X	X	ISCG	National and Subnational Health Sector Coordination Team						
		Prepare needs assessments and situation analysis reports/ guidance documents/ briefing papers for HC/HCT, UNCT, sector lead and core group for evidence informed resource allocation.	X	X	X	X	ISCG	National Health Sector Coordination Team						

Sector Priority	**Advocacy**	Conduct meetings with MoPH to inform on the progress of the response and advocate for needed guidance.	X	X	X	X	None	National Health Sector Coordination Team						
		Conduct bilateral and collective donors meetings to advise on gaps, priority needs and advocate for resources.	X	X	X	X	None	National Health Sector Coordination Team						
		Represent Health sector in Inter-Sector Coordination Group, Governmental meetings, and Sector working groups.	X	X	X	X	None	Health Sector Coordination Team						
		Advocate for enhanced data sharing between partners across sectors.	X	X	X	X	Nutrition, WASH, Protection sector	National Health Sector Coordination Team						
		Increased advocacy for comprehensive services including vaccination, SRH , MH services at PHC.	X	X	X	X	Nutrition, WASH, Protection sector	National Health Sector Coordination Team, sub-national coordinators, technical working groups and taskforce coordinators						
		Continue advocating the integration of midwives in PHCs and public hospitals to provide quality SRH services and guarantee access to quality care at reduced costs i.e. Midwifery-led model.	X	X	X	X	None	National Health Sector Coordination Team, sub-national coordinators, technical working groups and taskforce coordinators						
		Advocate for neonatal mortality audit for all neonatal deaths at the national level.	X	X	X	X	None	National Health Sector Coordination Team						
		Continue advocacy for healthcare price regulation and benchmarking at the PHC centers (cost of consultation, EKG, Ultrasound etc.).	X	X	X	X	None	National Health Sector Coordination Team						
		Continue advocacy for subsidized institutional delivery costs for pregnant women, CMR services, inclusive services, and to fast-track delivery appointments at SHCs.	X	X	X	X		National Health Sector Coordination Team, sub-national coordinators, technical working groups and taskforce coordinators						
		Continue advocacy for life and limb saving hospitalization support including high-risk pregnancies, psychiatric admissions for all population groups.	X	X	X	X	RHSWG	National Health Sector Coordination Team, sub-national coordinators, technical working groups and taskforce coordinators						
		Mark, and celebrate health related campaigns in close collaboration with technical working groups and taskforces throughout the calendar year.	X	X	X	X		National Health Sector Coordination Team, sub-national coordinators, technical working groups and taskforce coordinators						
	Sector Situation Analysis	Keep the service mapping (5Ws, PHC, MMU, SHC) updated and available to target population and NHSWG.	X	X	X	X	None	National Health Sector Coordination Team						
		Quarterly mapping of health activities (MHPSS, SRH, outreach, nutrition…)	X	X	X	X	None	National Health Sector Coordination Team						
		Develop quarterly joint situation analysis in collaboration with subnational coordination team, key partners and other relevant sectors, and publish periodic situation analysis in the quarterly sector updates.	X	X	X	X	None	National Health Sector Coordination Team						
	Monitoring & Evaluation	Support partners to update Service Availability and Reporting data on Activity Info and make sure data is reasonable and coherent.	X	X	X	X	None	National Health Sector Coordination Team						
		Conduct Activity Info trainings & refreshers to Health sector partners	X	X	X	X	None	National Health Sector Coordination Team						
		Conduct quarterly review of the progress against LRP results, identify challenges/ bottlenecks achieving results and incorporate the findings in Health sector information products and advocacy strategies	X	X	X	X		National Health Sector Coordination Team						
		Present the identified challenges/ bottlenecks to the Health sector core group for technical guidance and to the NHSWG for information sharing and advocacy.	X	X	X	X		National Health Sector Coordination Team						
		In collaboration with MoPH departments, subnational coordination teams, technical experts, partners and donors conduct at least two field missions per month.	X	X	X	X		National Health Sector Coordination Team						
	Emergency Preparedness & Response	Conduct ad-hoc NHSWG emergency meetings if needed based on the situation (Example: Cholera)	X	X	X	X	Nutrition sector WASH sector Education sector Protection sector	National Health Sector Coordination Team						
		Conduct biannual review of the minimum preparedness capacity and stocks in close collaboration with subnational coordinators and partners	X	X	X	X	ISCG, WASH	National Health Sector Coordination Team						
		Support PHEOC of MoPH to operationalize emergency preparedness and response plans	X	X	X	X	None	National Health Sector Coordination Team						

		Prepare needs assessments and crisis situation analysis reports/ guidance documents/ briefing papers for HC/HCT, UNCT, Sector lead and core group for evidence informed resource allocation	X	X	X	X	ISCG, WASH	National Health Sector Coordination Team						
		Monitor contingency indicators and advise on any risks.	X	X	X	X	None	National Health Sector Coordination Team						
Mainstreaming Area	**Protection (including AAP and referrals)**	Update the Protection Risk Analysis for the Health sector.	X	X	X	X	Protection sector	National Health Sector Coordination Team						
		Prioritize women, men, boys and girls, adolescents and youth to ensure their access to quality health services	X	X	X	X	Protection sector	National Health Sector Coordination Team						
		Ensure MHPSS is mainstreamed across health programming. Build the capacity building of Health Practitioners on Mental health (including Substance use) disorders identification and referrals	X	X	X	X	Protection sector	National Health Sector Coordination Team						
		Work with protection sector on advocacy efforts to reduce confiscation of IDs at hospital level, and to ensure PoCs without CSD or ID have access to PHC & SHCs	X	X	X	X	Protection sector/Migrant Sector	National Health Sector Coordination Team						
		Increase efforts for disability inclusion in all health activities implemented by partners including direct service delivery, capacity building, decision making, and programme design.	X	X	X	X	Protection sector	National Health Sector Coordination Team						
	Gender	Conduct quarterly review of the progress against Gender Action Plan, identify the bottlenecks and way forward	X	X	X	X	Protection sector	National Health Sector Coordination Team						
		Increase efforts to mainstream gender in all health activities implemented by partners including direct service delivery, capacity building, decision making, and programme design. Gender mainstreaming entails that the Health sector provides services in equitable manners and disaggregate reporting by gender to ensure women and girls are not left behind.	X	X	X	X	Protection sector	National Health Sector Coordination Team						
	PSEA	Work with PSEA focal points to identify roadmaps for PSEA mainstreaming.	X	X	X	X	Protection sector	National Health Sector Coordination Team						
	GBV	Build capacity on clinical care for survivors of sexual abuse (CCSAS) and other forms of GBV at PHC & SHC, on identification, referral and management of GBV cases. Increase efforts to integrate GBV within SRH services	X	X	X	X	Protection sector, GBVWG	National Health Sector Coordination Team, sub-national coordinators, technical working groups and taskforce coordinators						
	Conflict Sensitivity	Conduct trainings for health staff on conflict sensitivity and social tension.	X	X	X	X	SoSt sector	National Health Sector Coordination Team						
	Environment	Ensure that all Health partners comply with the guidance of the Ministry of Environment and disseminate any environmental guidance to HWG. Advocate with MoPH and Ministry of Environment to tackle medical wastes and wastewater management at the health facilities.	X	X	X	X	None	National Health Sector Coordination Team						

Protection & Gender Mainstreaming:

Protection mainstreaming is a key priority for the LRP 2024/2025 across all sectors. Sector coordinators hold responsibility for protection mainstreaming and inclusion into the work plan to ensure all sector activities apply protection standards, including Do No Harm. Sector coordinators are therefore requested to develop the work plan and to facilitate the following process for the protection mainstreaming areas, including gender, age and disability as well as AAP. **To foster the mainstreaming of disability, gender and GBV as well as to ensure enhanced data disaggregation, sectors are asked to:**

1) Review indicators and disaggregation currently included in the LRP 2025 sectoral log frame:

- Identify gaps in data and reporting/disaggregation.
- Use the Gender and GBV Risk Mitigation Action Plans developed by the sector's Gender and GBV focal points. If you have any questions, please contact Simona Pari at simona.pari@undp.org.
- Hold consultations and discussions with sector members to agree on a minimum-standard of disaggregation going forward; either through a mid-year review in 2025.

Please include a discussion on whether having a focal point system by the sector would work best (similar to Gender and GBV) or if you have other suggestions.

2) Review accessibility of services & meaningful participation of People with Disabilities (PwD) in all stages of program cycles, including community
