UN World Food Programme (WFP)

WFP
World Food Programme
SAVING LIVES
CHANGING LIVES

Context and Rationale

- As part of the process run by PMM since 2018 for de-congestion of TACs, PMM expressed its intention to downsize the population of Adana Sarıçam TAC.
- The initial step for this plan is decongestion of Adana Saricam TAC which is foreseen to accommodate Syrians with specific needs.
- Complementary protection and cash support are envisaged to facilitate this relocation, It is planned that WFP will provide per person assistance for 4 months under the programme.
- WFP will provide a multi-purpose cash payment to each individual that is relocated and **completed the address registry** at the PDMM in the new location, at a value of **TRY 15,000 per person**. This facilitates their relocation to an urban setting by enabling them to meet their basic needs in the provinces they have moved into
