UNHCR to prepare a one-pager document for donor advocacy	Done to be shared
CBI TWG to share 3W with members	Progressing
Members wishing to have bilateral meetings for referrals, etc. to contact co-chairs	On-going

3W and Reporting

Reporting:

- When partners has cash and voucher support for sector specific outcomes, it will be reported under that specific sector as a cash activity. This will not change based on the **modality of the cash and voucher assistance.**
- Reporting on non-sectoral, MPC will be done against MPC output indicators set by M&E team.

Coordination:

- CBI TWG in the FA context, is responsible from coordinating MPC
- The platform responsible to provide cash specific technical support to all other sectors.
- Sectors identify their needs and targets groups.

Mapping:

- 3W mapping aims to map all MPC and sectoral cash and voucher assistances across sectors.
- Our 3W mapping is solely for understanding all current and planned CVA across sectors.
- It excludes reporting against output indicators.

Geographical Prioritization

- **CBI TWG is concerned with individuals and their eligibility to cash schemes rather than where they reside.**
- Land and air transportation are available across the board and markets recovered considerably since the EQ.
- Hatay, Malatya, Kahramanmaraş, Adıyaman and Gaziantep (Islahiye and Nurdağı) are “very severely” and “severely” damaged in earthquake. Flood that hit Adıyaman and Şanlıurfa added on the vulnerability of individuals living in these cities. These cities are categorized as the first priority group.
- Noting risks of unavailability of vendors and financial services providers in heavily impacted cities; partners in coordination hubs indicate increasing need to shifting cash
- Majority of districts in remaining 5 cities, namely Kilis, Diyarbakır, Adana, Osmaniye, and Elazığ are ranked mildly and moderately damaged. CBI TWG categorizes this group as the second priority group.
- As a crosscutting geographical prioritization, CBI TWG includes Individuals living in rural areas, villages and remote districts.
- Individuals who relocated to cities outside of the 11 provinces are categorized as the third priority group.

Access Issues

Experienced Common Access Issues

ID Registration Issues
Appointment delays
Misinformation
Inproper practices

Address Registration Issues
Appointment delays
Misinformation
Inproper practices

Application Issues

Technological Divide

Sectoral Use of CVA

- **Cash for Work in Türkiye**

Cash for Work

ASAM

- 2016-17, Cash for Work in Gaziantep.
- Collaboration with Municipalities.
- Opportunity extended to refugees.
- Monthly payments, leveled with **minimum wage** was provided.
- Individuals were assisted to **open bank accounts**, money was transferred.
- There were no additional payments for transportation/lunch.
- Individuals were assisted to receive **work permit, premiums were paid.**

Cash for Work

FAO

- 2021, Agricultural Skills Development Program.
- Collaboration with partners with multiple capabilities, PDs of ministries, Municipalities, Universities.
- Opportunity extended to refugees, women and men (percentage higher on women).
- Daily earning was **TRY 100** (market value of daily work in 2021 was between TRY 40- TRY 90).
- Payments were **made monthly.**
- **PTT Card** modality was used as FSP.
- Payments for transportation/lunch were made –lessons learned.
- Individuals were registered to ISS, covered by private health insurance.
- Drop-out rate was low, but drop-outs **get paid per days worked.**

Cash for Work

Cash takeaways from CfW

- **Collaborate with partners** with capabilities and capacities in the field.
- Provide clear information on the program to **minimize drop-outs**.
- Ensure enrolment to **social security system**, employer is responsible to pay the premium.
- Prepare for the challenges of including different groups -in work permits for refugees.
- Do your market assessment to level/harmonize your **payment amount.**
- Investigate the needs for **payment frequency** –monthly is not always the best option.
- **Avoid creating crowds, social tension**: smart payment schedule to prevent conflicts.
- Be mindful of difficulties of various groups to **access to FSPs.**
- Expect and account for **drop-outs**, be prepared for flexibility in payment.
