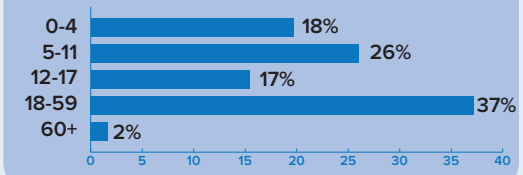
AGE BREAKDOWN



Trends, Highlights and Challenges

- Heavy rain on 28 May left some areas in Azraq camp flooded. UNHCR and its partners are rehabilitating the damaged shelters and roads.
- Health clinics in village 3 and 6 merged and the new clinic became operational at the end of May.
- UNICEF completed drilling a new borehole of 460 meters in depth with production capacity of 50 m3 per hour.
- There was an increase in diarrhea cases. UNHCR and the Ministry of Health are monitoring the situation, especially in regards to cholera.

Key Facts and Figures

- More than 11,600 children are currently enrolled in education; this represents 69% of children in the camp.
  - More than 11,300 children from kindergarten 2 to Grade 12 (50% female) are enrolled in formal education.
  - More than 260 children (51% female) enrolled in the Ministry of Education accredited non-formal education.
  - 15 schools and 5 standalone kindergarten 2 centres
- As of the end of May, over 1,200 active work permits holders, including 9% female, are registered in the database; this represents around 9% of Azraq's working-age population.
- Around 1,900 refugees, including 45% female, are engaged in the Incentive-Based Volunteer scheme, which allows refugees to work with organisations in the camp as paid volunteers.

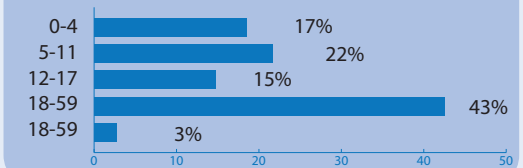
AGE BREAKDOWN



Trends, Highlights and Challenges

- Over 250 newborn babies were registered since the beginning of the month.
- More than 8,000 cases were processed by UNHCR for different registration issues including documentation renewals.
- Electricity consumption remains one of the biggest challenges as the refugees' needs outstripped the solar power production. UNHCR covered the cost of additional electricity provided through the national grid system which added up to US$ 334,000 in May.

Key Facts and Figures

- More than 22,000 children are currently enrolled in education; this represents 74% of children in the camp.
  - More than 22,000 children from kindergarten 2 to grade 12 (50% female) are enrolled in formal education.
  - Around 300 children (47% female) are enrolled in Ministry of Education accredited non-formal education.
  - Around 8,200 children benefitting from integrated learning support offered by UNICEF Makani centres.
  - 32 schools, 13 kindergartens and 58 community centres
- As of end of May, around 3,000 active work permits, including 10% female, are registered in the database; this represents around 7% of Zaatari's working-age population
- Around 3,000 refugees, including 41% female, engaged in the Incentive-Based Volunteer scheme, which allows refugees to work with organisations in the camp as paid volunteers
