CHAD

Sudanese emergency - Protection situation of new arrivals

From 16 to May 29, 2025

PROJET 21

Key figures

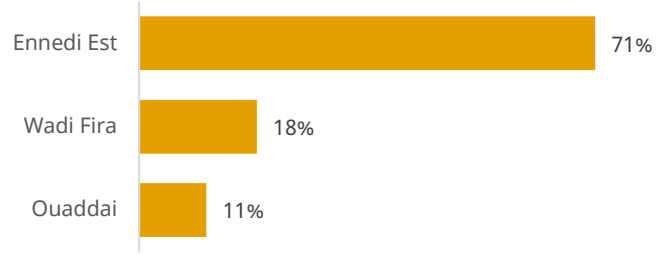
914 Households interviewed

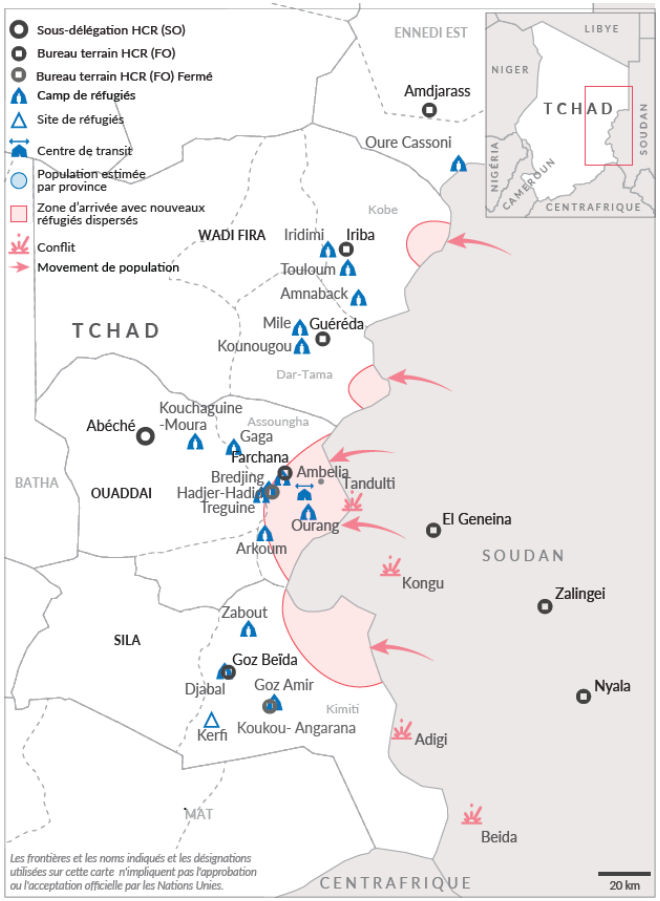
78%

22%

914 households interviewed from 16 to 29 May 2025, following the various influxes registered, mainly at the entry points of Tiné, Kulbus, Birak (Wadi Fira), Bahai and Kariari (Ennedi East) and Adré (Ouaddai).

NEW ARRIVALS FLOWS *(Households interviewed)*





Summary

This dashboard summarizes the views of Sudanese refugees, on the situation and protection risks in Chad. The perceptions of these households, interviewed either at the entry points or at the transit sites, a few days after their arrival in Chad, reflect the trauma of fleeing and the relief of having crossed the border.

From 16 to May 22, 2025, **914** households of **2,937 individuals** were interviewed, including **650** households of **2,113** individuals, at *Bahai et Kariari* entry points in Ennedi Est province, **168** households of **545** individuals at *Birak, Kulbus and Tiné* entry point in Wadi-Fira province and **96** households of **279** individuals at *Adré* entry point in Ouaddai province.

The main trends to be highlighted from the interviews are as follows:

Access to the asylum country

- **56%** of households surveyed fled Sudan because of insecurity, while 24**%** and **13%** cited reasons related to persecution and preventive flight , respectively.
- **71%** declared that they had been victims of human rights violations during their flight to Chad, including 29% **physical attacks**, 29% **extortion of property** and 4% **sexual violence**.
- **43%** of households surveyed said that members of their family were still in Sudan because of a **lack of means of travel** (51%), **fear of arbitrary arrest** (14%) and **fear of being forcibly recruited by armed groups** (8%),

Education

- **69%** of households indicated that their children dropped out of school due to the crisis**.**
- **95%** of households have children at school age**.**

Child protection *

- **67%** and **33%** of households respectively say they have access to **medical services** and **hygiene services** (water, latrines, etc.) for their children.

Documentation

- **6%** have **birth certificates** and **19%** have **identity cards** or **other types of documents.**
- **66%** of households don't have **documents and** claimed that their documents were **lost** or **burnt** (**97%**) or **confiscated** during their flight to Chad(**2%**).

Community engagement *

- **How to access services (66%), Services available (28%),** and **News about the country of origin (2%)** are the types of information preferred by the households surveyed

** Households surveyed only at transit sites*
