UNHCR-IOM FLASH UPDATE #47

UNHCR The UN Refugee Agency | IOM UN MIGRATION

ARREST AND DETENTION | FLOW MONITORING (15 September 2023 – 14 June 2025)

INTRODUCTION

In response to the Ministry of Interior's (MoI) decision of 26 September 2023 to enact an "Illegal Foreigners' Repatriation Plan", UNHCR, the UN Refugee Agency and IOM, the UN Migration Agency, have collated their data on the arrest, detention, and deportation of Proof of Registration (PoR) holders, Afghan Citizen Card (ACC) holders, and undocumented Afghan nationals as well as on the outflows of Afghan nationals at the Torkham, Ghulam Khan, Chaman, Badini and Bahramcha border crossing points, to better understand the protection environment and movements of Afghan nationals returning to Afghanistan from Pakistan.

From January – February 2025, the Government of Pakistan (GoP) issued a directive, requiring Afghan nationals in Pakistan to relocate from Islamabad Capital Territory (ICT) and Rawalpindi, or else face deportation. In response, on 5 February 2025, UNHCR and IOM issued a joint press statement. Further announcements followed on the implementation of the second phase of the "IFRP", targeting ACC holders in addition to undocumented Afghans to return to Afghanistan. These decisions have resulted in an uptick in arrests, detentions and deportations of Afghan nationals, particularly in April 2025. As of May 2025, arrests and detentions of Afghan nationals in 2025 alone, have surpassed figures from 2023, when the "IFRP" was first enacted.

KEY FINDINGS AND LIMITATIONS

Prior to 2023, there was no data collected on the arrest and detention of ACC holders or undocumented Afghan nationals. Since January 2023, IOM has started to collect this data, which should be considered indicative at this point. The figures, particularly of undocumented Afghan nationals, should be considered underreported.

- During the reporting period (8 – 14 June), a total of 442 Afghan nationals were arrested and detained, marking a 53% decrease compared to the previous week.
- Out of all arrests and detentions during the reporting period (8 - 14 June), ACC holders and undocumented Afghans represented 94% of the total rate of arrest and detentions.
- During the reporting period (8 - 14 June), 68% of the total arrests and detentions took place in Balochistan.
- Across Pakistan, the top three districts for arrest and detention between 1 January and 14 June 2025 are Chaghi (Balochistan), Attock (Punjab), and Chaman (Balochistan).

UNHCR-IOM FLASH UPDATE #47

ARREST AND DETENTION | FLOW MONITORING (15 September 2023 – 14 June 2025)

IOM border monitor conducting an interview at Chaman border. [IOM Pakistan 2025]

KEY FINDINGS

- Cumulatively, from 15 September 2023 to 14 June 2025, 1,093,374 individuals have returned.
- During the period 8 – 14 June 2025, UNHCR and IOM estimate 5,241 Afghans returned through the Torkham, Ghulam Khan (located in Khyber Pakhtunkhwa), Chaman, Badini and Bahramcha (located in Balochistan) border crossing points to Afghanistan.
- The number of returns and deportations have decreased, (8 – 14 June; 5,241 returns and 412 deportations) compared to returns and deportations in the week prior to that (1 – 7 June; 7,821 returns and 1,024 deportations). Returns decreased by 33%, and deportations decreased by 60% compared to the last week (1 – 7 June). This decrease is likely due to the Eid holidays, which typically slow down returns and deportations.
- For the returns from 8 – 14 June 2025, most of the returnees were undocumented (74%), followed by PoR holders (19%), and ACC holders (7%). Majority of the PoR returns are facilitated by UNHCR.
- Since 1 April, 239,341 Afghan nationals returned, of which 43,742 were deported.
- Since the beginning of April, fear of arrest is the most common reason to return among undocumented/ACC holders (92%) and PoR holders (69%).
- During the same time period, returnees were most likely to return from Karachi Central (13%), Quetta (13%) and Islamabad (13%) in Pakistan and intend to go to Kabul (20%), Kunduz (18%) and Nangarhar (18%) in Afghanistan.

CUMULATIVE – 2023, 2024 AND 2025

1,093,374 (100%)* TOTAL NUMBER OF RETURNS

941,897 (86%) TOTAL RETURNEES

66,364 (6%)** TOTAL FACILITATED PoR RETURNEES

85,113 (8%) TOTAL DEPORTATIONS

Period	Total Number of Returns	Total Returnees	Total Facilitated Returnees	Total Deportees
15 Sep – 31 Dec 2023	490,891	436,600	24,971	29,320
1 Jan – 31 Dec 2024	315,100	280,512	25,634	8,954
