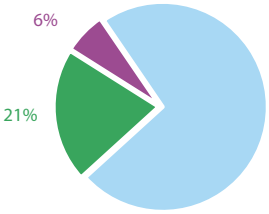
Lebanon Health Sector: At a Glance

Q1 2026 - LRP

The Health sector in Lebanon operates under the leadership of the Ministry of Public Health (MoPH). Complementing this leadership from the UN and NGO sides, the sector is co-led by the World Health Organization (WHO), with coordination efforts facilitated by WHO, and Amel Association.

January - April 2026 LRP Sector Funding Status



LRP Appeal 2026: $188.8M

Received in 2026: $39.2M

Carry over from 2025: $12.4M

LRP was grossly underfunded for its original scope, yet it was further stretched to finance the early emergency response. This deepens the real, but partially hidden, funding gap across both frameworks.
