Introduction:

Um Gargour camp was opened in January 1976 and the majority of its residents are refugees from Eritrea and Ethiopia in protracted displacement situation. Following the outbreak of conflict in Sudan on 15 April 2023, thousands of refugees and asylum-seekers fled Khartoum and other unsafe areas, seeking safety in Jazirah and Gedaref states. In an exercise that began on 17 May 2023, UNHCR, in collaboration with Sudan's Commission for Refugees and other partners, relocated 769 secondarily displaced refugees and asylum-seekers from Hasahisa, Wad Medani (Jazirah state) and Um Gulja (Gedaref state) to Um Gargour to ensure their safety and provide them with assistance. At the same time, 918 refugees and asylum-seekers self-relocated to the camp and have been registered/verified and provided with assistance. The dashboard below presents the population profile for the newly relocated/self-relocated refugees and asylum seekers in Um Gargour.
