EES Monthly Meeting

14 February 2023

Online

2-3:30pm

Participants: 55 participants (UN,I/NGOs, IFRC, TRC, Min. of Agriculture and PRM)

Agenda point	Main points discussed/Questions raised	Next steps
1. National level updates,	● Flash appeal prepared and submitted to GoT and OCHA ● UNDAC in country and organizing assessment 3RP ● Impact on 3RP response discussed and EES analysis submitted based on the EES partners' survey results. ● 3RP launch 21 Feb- TBC	● Multi-Sector Initial Rapid Assessment (MIRA) will be conducted by UN Disaster Assessment and Coordination System (UNDAC). ● Partners who remain in the SE area and responding the earthquake to update (if needed) their 3Ws in Services Advisor as it is used for the earthquake response.
2. Impact of the Earthquake on the Sector needs	a - immediate impact of the EQ on livelihoods/FSA (Details, please see the PPT.) ● Presented overall economic impact of the earthquake in the region, labour availability, demand-supply of agricultural products / commodities, as well as impacts to the most vulnerable households. ● The Survey results were also presented to assess the current status of the economic activities in the area.	● Issues of refugees mobility was raised as partners pointed out that refugees who are not registered in the area are not eligible for support. This is also important as refugees will not be able to access to jobs/livelihoods opportunities officially. EES to invite Protection colleague to provide updates.

	Discussion points: ● Currently the situation is focused on the emergency response providing lifesaving items (shelter, water, food) to the displaced populations. ● Affected populations are moving to safer locations (refugees are also moving to different locations). ● In the severely affected areas, shops/businesses are closed (Hatay). ● MOA presented their response in the area and recovery plan has been developed by the GoT. ● In the mid-long term, the sector to provide trainings in the areas that will need labors (construction, furniture, tourism) to recover. b- short term needs on economic empowerment-livelihood/FSA recovery c- long-term needs and opportunities for EES-Livelihoods/FSA d- partners current capacity for EES-Livelihoods/FSA
