EARTHQUAKE RESPONSE PROJECT MANAGEMENT COORDINATORSHIP

TÜRK KIZILAY ESEN CARD INTRODUCTION AND UPDATES

TÜRK KIZILAY

Modern

Practice

Accountable

Systematic

Reportable

- *Türk Kızılay Esen Card is a payment structure developed with the joint work of Türk Kızılay and Vakıfbank to meet the priority needs of those in need.*

- *It can be easily designed as desired via the VIT WEB Portal, which Vakıfbank has provided access to the Türk Kızılay.*

- *Since the card is linked with the TR Identity Number of the person in need, it is a much more stable distribution tool in the long run.*

- *The usage of all funds distributed with this card can be monitored by authorized Türk Kızılay experts via the VIT WEB Portal, providing great convenience in terms of monitoring, evaluation and reporting.*

TÜRK KIZILAY ESEN CARD DISTRIBUTION PROCESS

Türk Kızılay ESEN card distribution process consists of 6 steps;

Field Analysis

Need Assesment

Distribution

Payment Process

Reporting

Monitoring and Evaluation

FIELD ANALYSIS / NEED ASSESMENT

- Individual Surveys
- KII
- Focus Group Discussions

The need that emerged after the field analysis and the list of people whose information was obtained in this need group and AFAD etc. The list of people identified by state organizations is integrated into the system. A distribution list is then created that is appropriate to the type of aid to be provided and meets the conditions requested by the funder.

Inflation rates

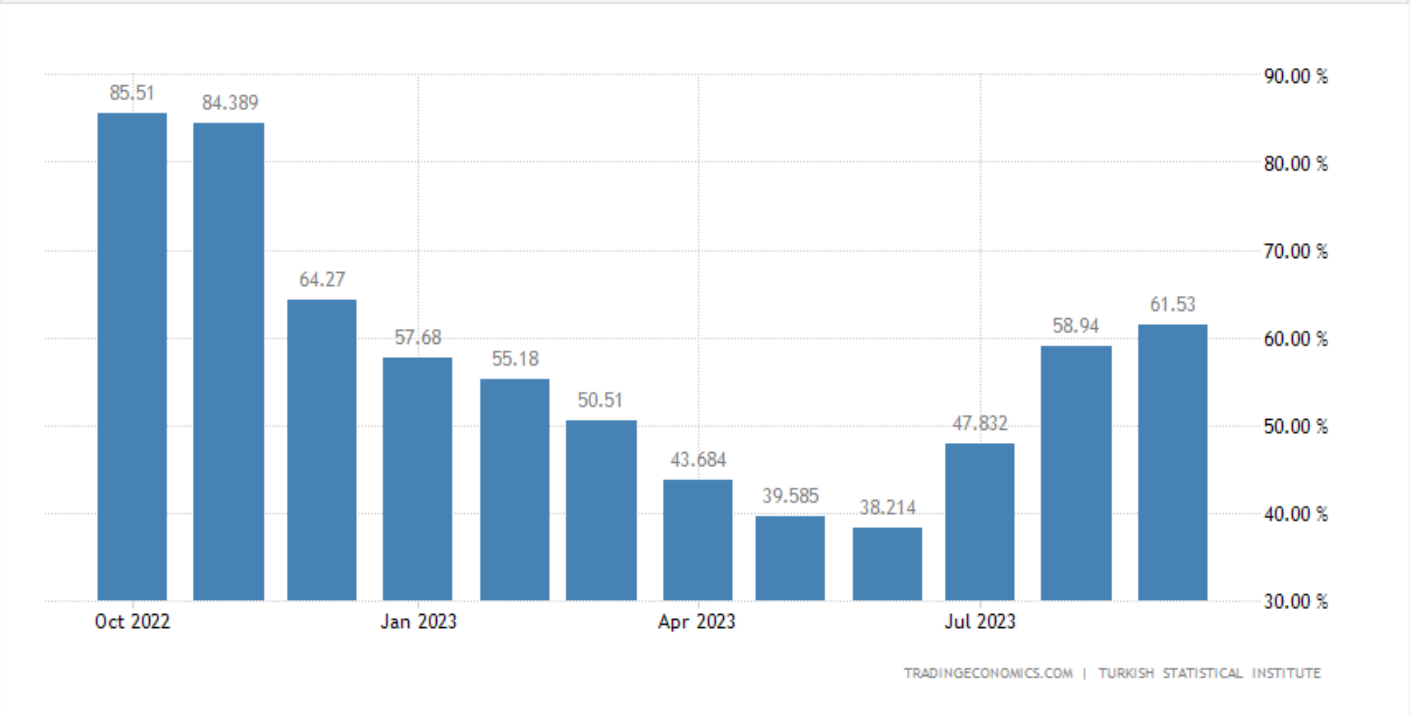
Inter-Agency Coordination Türkiye

Türkiye Inflation Rate
83.5% for Sep 2022

Türkiye Inflation Rate
61.5 % for Sep 2023

MEB costs 1,771 TRY Per Person Per Month As of July 2023

8,854 TRY for a 5-person household.



MEB Components

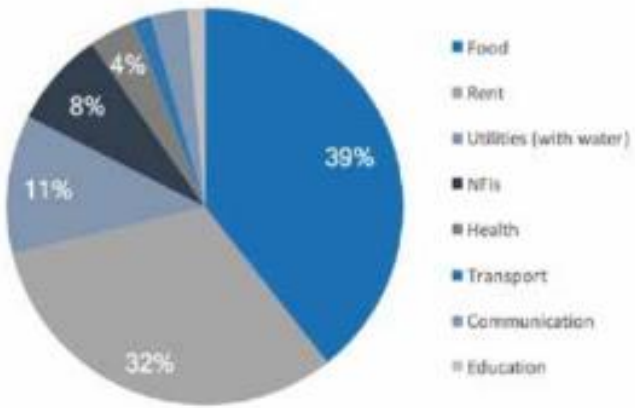


Figure 2 *Share of MEB Items*

As can be seen in Figure 2, the percentage of MEB items is shown. Food has the highest share in the MEB (39%), followed by rent cost (32%), and utilities (11%). Non-food items make 8 percent of the MEB cost. In this regard, Figure 3 indicates the cost per household and per person for each expenditure component.

Commodities	5 People Household (TRY)	Per Person Share (TRY)
Food	3.488	698
Rent	2.814	563
Utilities *(with water)*	1.003	201

Determining Winterisation Transfer Value

Inter-Agency Coordination Türkiye

- MPCA recipient/non-recipient criteria will be used this year

Alternative 1: The approach involves adding the average heating equipment cost to NFI and Utilities from MEB
Formula: 6,000 + 2,500 + 340 * family members

HH Size	Meb September 2023 Per person 1771	Winterisation Amount	Percentage	MPCA	Total Received
HH 4	₺ 7,084.00	₺3,860.00	54%	6000	₺ 9,860.00
HH 5	₺ 8,855.00	₺4,200.00	47%	6000	₺10,200.00
HH 6	₺10,626.00	₺ 4,540.00	43%	6000	₺ 10,540.00

Alternative 2: applying a 12-month inflation rate of 61.5%,
Formula: 6,000 +750 * 1.615 + 250 * 1.615 * family members.

HH Size	Meb September 2023 Per person 1771	Winterisation Amount	Percentage	MPCA	Total Received
HH 4	₺ 7,084.00	₺2,826.25	40%	6000	₺ 8,826.25
HH 5	₺ 8,855.00	₺3,230.00	36%	6000	₺ 9,230.00
HH 6	₺ 10,626.00	₺3,633.75	34%	6000	₺ 9,633.75

Alternative 3: Considering the application of a 24-month inflation rate, which amounts to 120%
Formula:750 * 2.2 + 250 * 2.2 * family members

HH Size	Meb September 2023 Per person 1771	Winterisation Amount	Percentage	MPCA	Total Received
HH 4	₺7,084.00	₺3,850.00	54%	6000	₺ 9,850.00
HH 5	₺8,855.00	₺4,400.00	50%	6000	₺ 10,400.00
HH 6	₺10,626.00	₺4,950.00	47%	6000	₺ 10,950.00
