

Key figures at Regional level

New arrivals¹: January-March 2024 vs. January-March 2023

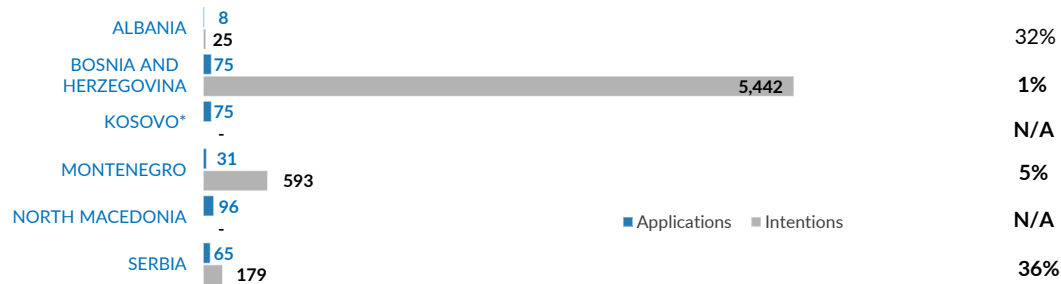

Estimation of Persons of concern in Mixed Movements in the region as of 31 March 2024:

Between January and March 2024, some **2,900** refugees and migrants were estimated to have transited through the Western Balkans as part of mixed movements, **28 per cent less** than in the same period last year. Given the nature of movement of these persons, including as a result of pushbacks and/or reverse flow, UNHCR uses data on arrivals to estimate how many persons are a part of mixed movements (MMs) in a given time period.

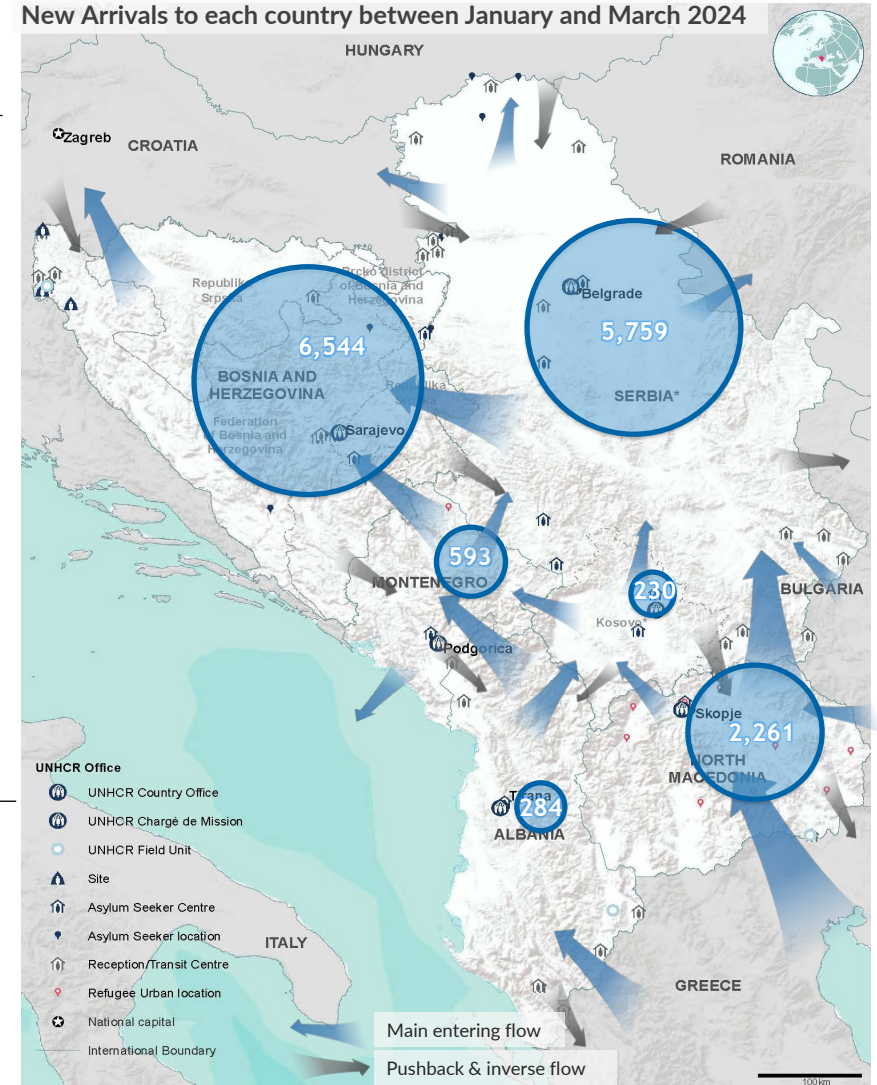

Asylum statistics in the Western Balkans in 2024:

Intentions to seek asylum: 6,239 New asylum applications: 350 Application vs. Intention**** 6%
