Partners Share Experience of Transfer Modalities

Provide E-card for food and daily items – Reach Alternatives (REALs)

Beneficiary Selection Criteria

<u>Absolute requirements to receive e-card:</u>

- Households not hold Turkish citizenship or residence permit (*ikamet*)
- Households are not recipient of ESSN assistance (*Kızılay Card*)

<u>E-card criteria breakdown:</u>

- Female-headed households
- Households with 4 or more children
- Households with disabled persons and not receive any financial support from the Turkish government
- Households with high dependency ratio (greater or equal 1.5)

REALs
REACH ALTERNATIVES

Partners Share Experience of Transfer Modalities

Provide E-card for food and daily items – Reach Alternatives (REALs)

Why This Modality-Advantages

- More than one branch in almost in all neighbourhood
- Item restrictions opportunity
- Need-based shopping opportunity
- Easy to track
- No cost for logistics

Challenges

- Confirmation of the invoices
- Technical capability of the service provider (SP)
- Illiterate/non-Turkish speaking beneficiaries required additional support
- Attitude problem of some SP staff against the beneficiaries

Suggestion

- Strengthen coordination with the service provider to develop more efficient, faster, safer ways to implement the e-card distribution and solving the possible problems.

Cash Coordination in Türkiye

Background

- *Partners feeling blocked out of cash implementation and coordination*
- *Standardisation across the regions*
- *Role and responsibilities in refugee situations*

What we need to deliver?

- *ToR update*
- *Steps for enhanced inclusion*
- *Engagement with local authorities*

Discussions

1. ***Inclusion: Is cbi twg inclusive enough? do we leave partners out?***
2. ***Engagement with government: Who can we work with?***
3. ***Co-leading: local organisations and their interest in co-leading?***

Review of 2022-23 Mapping Survey
