Highlights from Field BNWG Meetings and Observations

SET Region

- High demand for building rehabilitation and general shelter and rent assistance
- Winterisation support becoming more relevant
- WASH related capacity building support to municipalities, public institutions and cash for work programmes

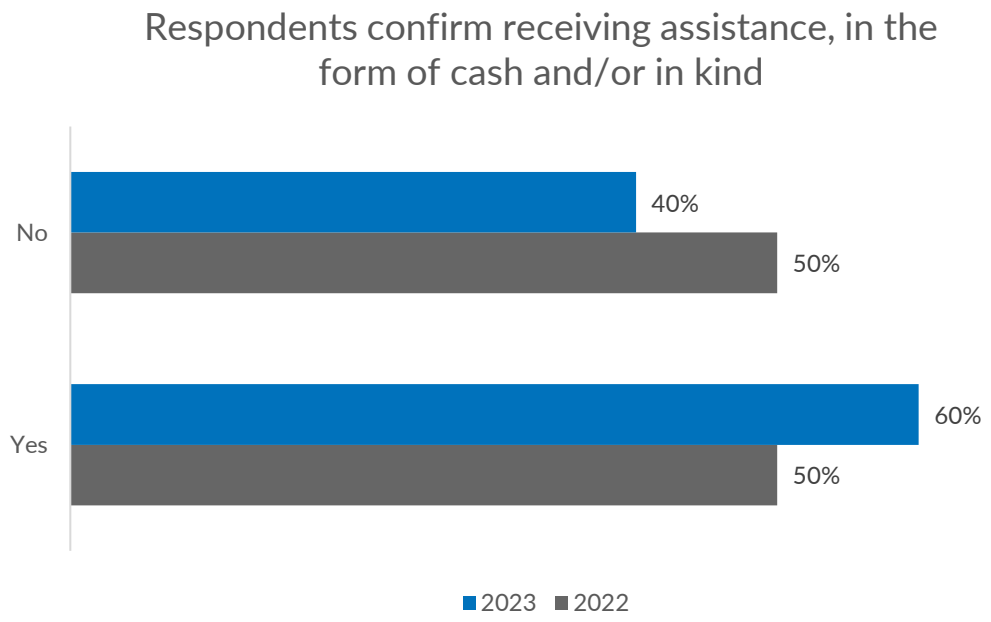
Marmara Region

- The greatest needs → shelter and rent assistance & medical equipment and health service support
- Cash assistance with targeted protection outcomes are salient in the region (ex: SNF programmes), but their emergency funds used for cash distribution not enough for the needs
- Deportation is a big concern among refugees due to the increasing frequency of ID controls

Aegean Region

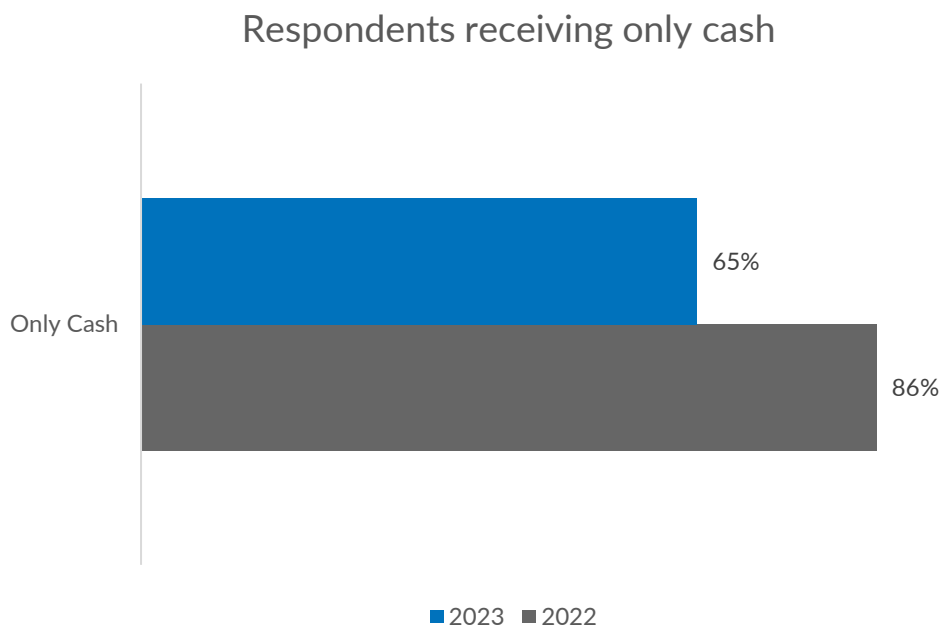
- Challenges in access to livelihoods → increasing child labour
- Prioritisation of basic needs → unmet PSS support needs
- Increased need for shelter/rent and health assistance
- PDMMs not involved in providing material support to EQ survivors, but made referrals to local NGOs but lack of civil society activity in smaller provinces challenging
- Refugee access to municipal assistance limited due to requirement of AFAD cards for those coming from the EQ region and budgetary restrictions
- Higher observations of irregular sea crossing attempts even by the registered individuals under IP or TP

Basic Needs Highlights from IAPNA Round 7



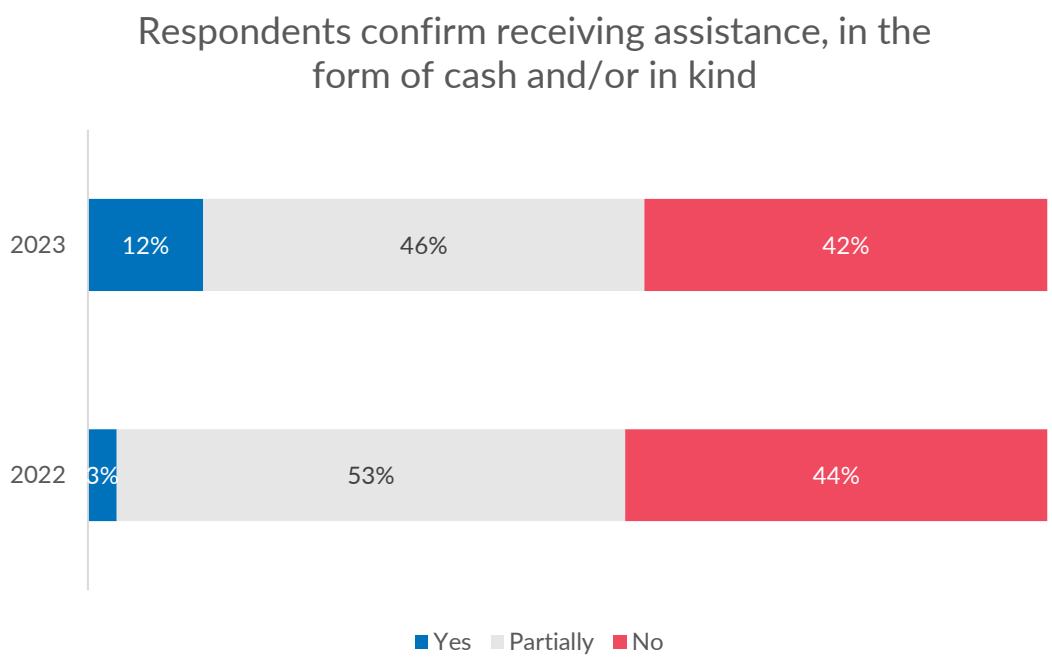
- Across groups, 60% of respondents confirm receiving assistance, in the form of cash and/or in kind.

Basic Needs Highlights from IAPNA Round 7



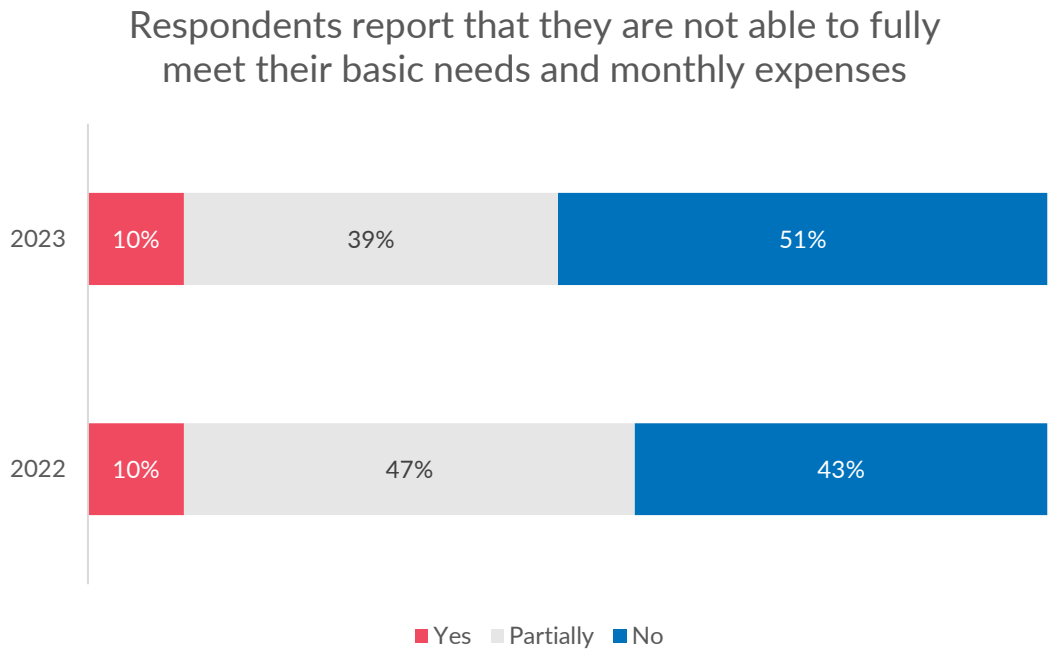
- Across groups, 65% of respondents confirm receiving only cash.

Basic Needs Highlights from IAPNA Round 7



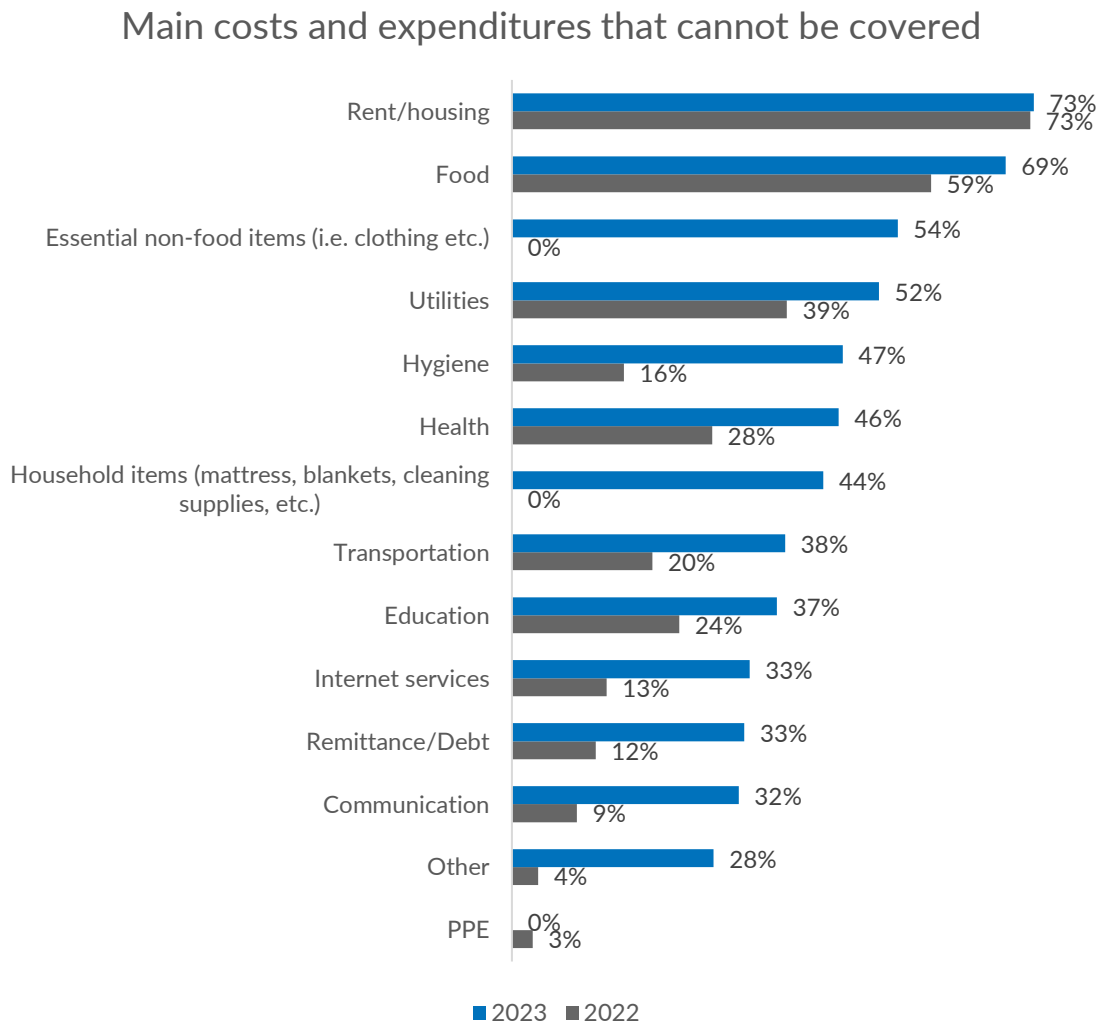
- **Only 12% of respondents indicate the assistance they receive fully meets their needs**, while 42% express the assistance does not meet their needs.

Basic Needs Highlights from IAPNA Round 7



- 90% of respondents report that they are not able to fully meet their basic needs and monthly expenses.

Basic Needs Highlights from IAPNA Round 7



- Main costs and expenditures that cannot be covered include rent/housing (73%), food (69%), and essential non-food items (54%).

Basic Needs Highlights from IAPNA Round 7

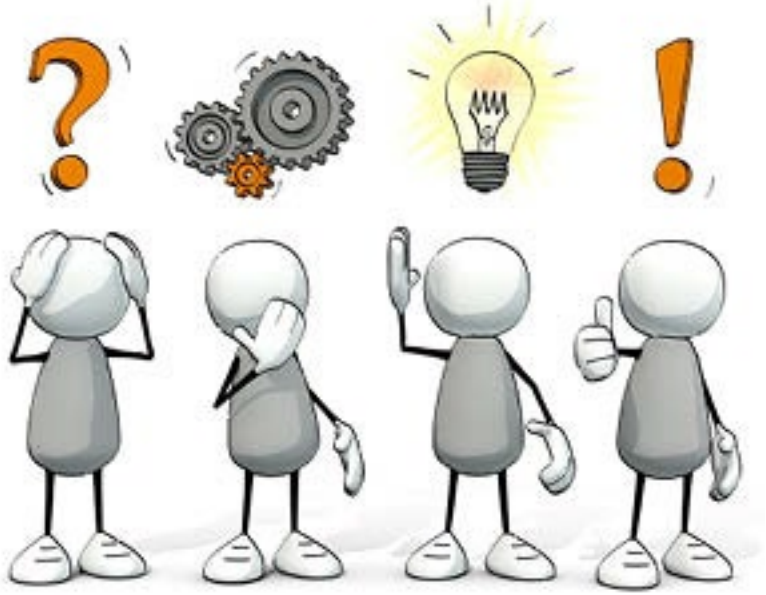
Partner Programme Updates



- Ongoing and planned basic needs assistance programmes of partners
- Refugee needs observed by partners

AOB

- In September and October, the BNWG will conduct 3RP planning revision consultations and share updates with partners in relation to the processes of 3RP review and EQ response transition.

- Dates of upcoming meetings will be shared in due time.

THANK YOU!

TÜRK KIZILAY

#ChildrenFirst

Children First Project

oncecocuklar.kizilaykart.org

TÜRK KIZILAY & UNICEF Children First Project (Önce Çocuklar)

- **General Information:** Within the scope of the project, 900 TRY was paid to 122.406 households.
- **Project Target Group:** The most vulnerable families with children (aged 0-17) benefiting from the Social Assistances, which are:

  Conditional Cash Transfer for Health, Conditional Pregnancy Assistance, Relative of a Disabled Person, Orphan Children, Children in need whose Fathers are Under Military Service (Adıyaman – Diyarbakır – Gaziantep – Hatay - Kahramanmaraş - Malatya - Osmaniye)

When determining the target group, data obtained from the Ministry of Family and Social Services was taken into account, and individuals currently benefiting from projects carried out by the Turkish Red Crescent or IFRC were excluded.

To prevent duplication, individuals benefiting from BIZ Project were not included in the target group of the ONCE Project.

World Food Programme
#CollectiveKindness
Collective Kindness Project
biz.kizilaykart.org

Collective Kindness Project

- **Goal of the Project:** A joint programme strategy on Multi-Purpose Cash was developed by WFP, Türk Kızılay and IFRC to provide cash assistance to the most vulnerable segments of the population affected by the earthquake so that they can meet their basic needs.
- **Project Target Group:** Turkish Citizens and registered refugee group
- **Transfer Amount:** The transfer amount has been determined as 3,000 TRY per household. Payments were made for 2 months, 6,000 TRY in total.

Project Budget

50 M USD funded by IFRC and WFP for two-time payments
Additional payment funded by WFP in progress

Project Duration

April – June 2023

Actions taken to EQ within Current KIZILAYKART Programmes

EQ Top-ups:

April - May 2023

Under the EQ response, top-ups payments have been provided for two months;

ESSN
1.350 TRY for 14,365 households

C-ESSN
1.500 TRY for 5,371 households

June 2023

Additional Payments

For 11 provinces affected by the earthquake: 2,300 TRY for 164,570 households

For the other provinces: 1,300 TRY for 197,177 households

July 2023

Last additional payments for July

ESSN
910 TRY for 274,743 households

C-ESSN
910 TRY for 86,126 households

KIZILAYKART EQ Response

TÜRK KIZILAY

Successes

- Cross-checking of pre and post EQ data
- Rapid scaling up during emergency
- Rapid IT Solutions for cash systems
- Back-up teams for the continuity of the operation
- Time and cost efficient, new SMS modality for direct cash
- Bringing together representatives of the Blue and Red family

Strengths

Having mutual understanding on cash intervention together with goverment bodies, FSP and international actors
Having already well established infrastructural capacity
Innovative and flexible delivery mechanisms
Preventing any duplication
Intensive communication activities in order to raise awareness
Strong initiative of disaster victim staff to sustain operational procedures

Challenges

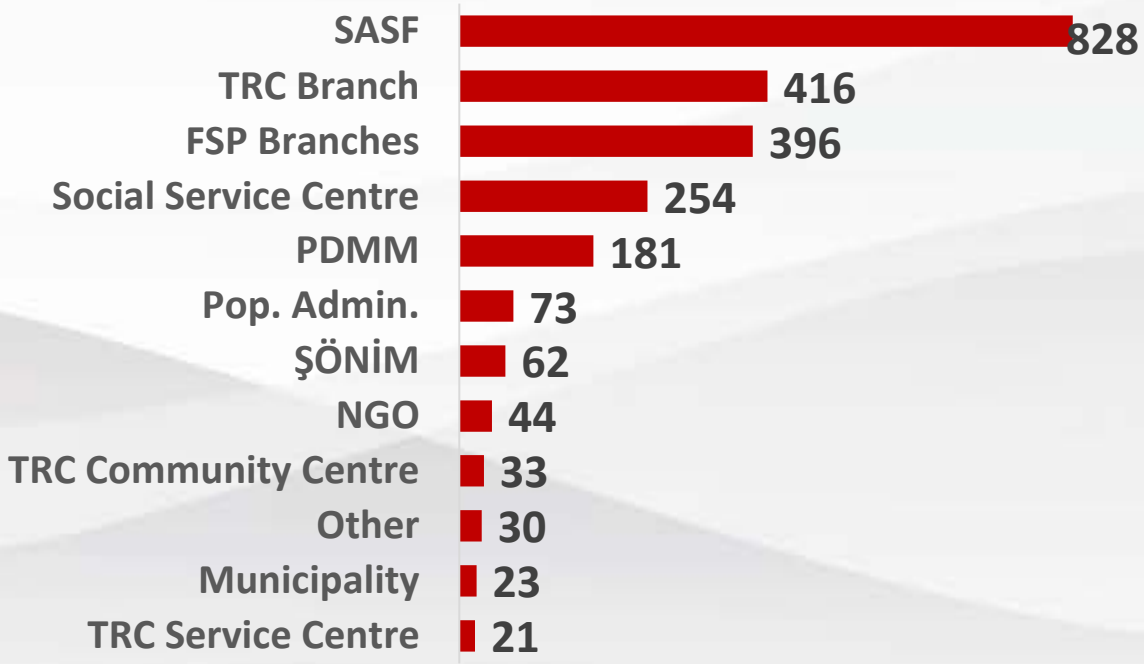
- Checking and following up cash feasibilty with the FSP
- Procedures and legislations about data protection
- Time constraints
- Operational disruption

Operations – Referral and Outreach Activities

Advocacy and sensitization activities on the field and central level for EQ-related specific issues;

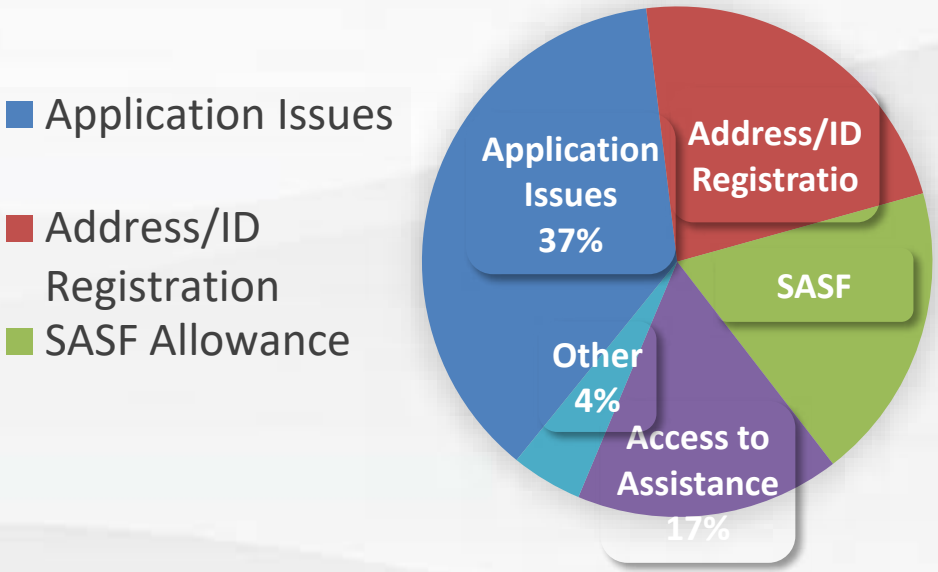
- Advocacy on the issuance of the temporary ID documents
- Engagement with Ministry for a solution to reapplication issues
- Consultation with FSP for beneficiary access to debit cards through any Bank branch regardless of location.

Field Visits (Jan – Aug 2023)



ESSN Access Issues

Jan – Aug 2023



- Regular **field visits** as well as **"Pulse-check"** analysis were initiated by field teams.
- Focus on affected provinces and those with high numbers of earthquake victims.
- Purpose: Understand the status of services provided by stakeholder institutions (SASFs, PDMMs, Population Directorates, etc..)

Operations – Referral and Outreach Activities

Referrals of **In-kind assistance** for overcoming potential protection risks

- TRC Disaster Management Unit (AFOM)
- TRC Local Branches
- NGOs

904

Total number of referrals

In-kind assistance requests are increased due to EQ.
These requests are addressed through activating internal mechanisms within the National Society and collaboration with different actors.

Referral of identified **potential protection cases**

913

Total number of referrals

Main Vulnerability Categories

People with special needs

Not Registered

Single parent at risk

Elderly at risk

Child at risk

Operations – Referral and Outreach Activities

Collective Kindness Project - access issue types

- ATM usage issues
- Undelivered Code SMSs
- FSP Branch related issues

Information dissemination to beneficiaries through **outbound calls.**

Sensitization and advocacy visits to FSP branches

Information Dissemination on Collective Kindness Project

- TRC Branches
- Local NGOs
- Governmental institutions

M&E - Post EQ Responses M&E Activities

IM: Transaction Analyses of KIZILAYKART Report

ESSN III Transition

1. Timeline

- April 2020: Commencement of ESSN Program with Turkish Red Crescent.
- August 2023: Transition of ESSN Program to Ministry of Family and Social Services.

2. Key Points

- Smooth Transition
- Last Payment
- Uninterrupted Operation

3. Next Step

- IFRC’s Operational Continuity

Celebration of the Succesful end of IFRC Partnership
