SLOVAKIA PROTECTION PROFILING & MONITORING

Protection Risks and Needs of Refugees from Ukraine

Data as of **09-Oct-2024**

Country: Slovakia | Interview Month: Multiple selections | Arrival: All | Oblast: All | Household type: All

To strengthen and promote an evidence-based protection response, UNHCR and its partners in **Slovakia** have been implementing a Protection Profiling and Monitoring exercise to regularly collect and analyze data about the profiles, protection risks and needs of refugees from Ukraine and monitor changes over time. In October 2023 a revised questionnaire was rolled out. This dashboard presents the main findings based on **526** interviews conducted between **Jul 2024 and Sep 2024**

526
# of respondents

1,146
# of household members

Sample by country

Slovakia 526

Methodology

Individual interviews are conducted in different locations, including transit centers, reception centers, and UNHCR office premises. Trained enumerators collect data digitally using the Kobo Toolbox, which is then safely stored in UNHCR's server.

While respondents are randomly selected to reduce bias, non-probability sampling is used. Results cannot necessarily be extrapolated to all refugees from Ukraine. The data for this dashboard has not been weighted.

KEY FINDINGS

Nationality

98%
of respondents were Ukrainian nationals

Gender

75%
of respondents were female

Age

46
average age of the respondent

Household size

2.2
average size of households

72% of respondents have been granted temporary protection

34% of households have at least one household member with a serious medical condition

16% of respondents have at least one household member whose documentation is missing or expired

79% of respondents have immediate family members who remained in Ukraine

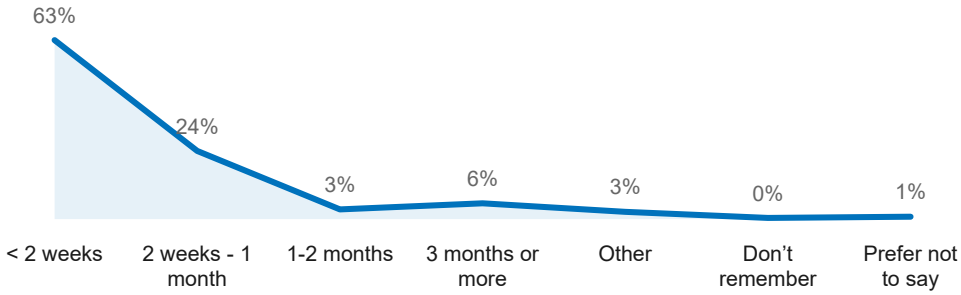
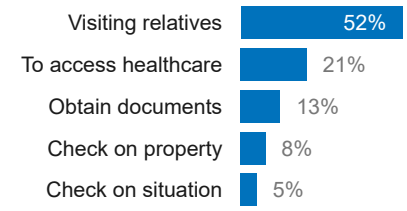
72% of respondents who visited Ukraine travelled to their previous residence

Duration of stay in Ukraine during most recent visit**

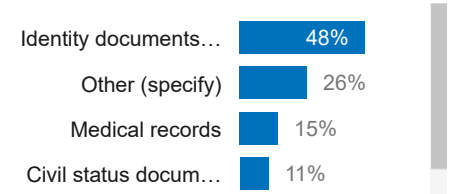


Main reasons for temporary visit*



Note: out of those who indicated visiting Ukraine at least once

Types of documents respondents went to retrieve from Ukraine*

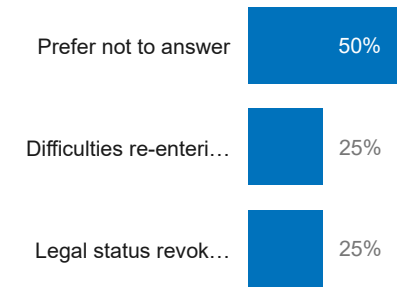


Note: out of those who went to Ukraine to retrieve documents

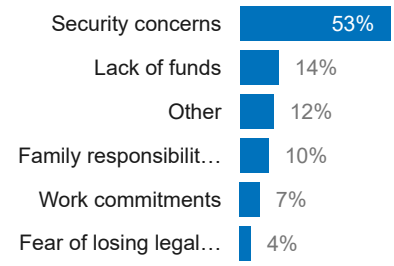
2% of respondents encountered difficulties upon their return to host country

44% of respondents were unable to visit Ukraine

Difficulties faced upon return to host country*



Main reasons for being unable to visit Ukraine*



Note: out of those who indicated not being able to visit Ukraine

** Due to rounding some percent totals do not add up to 100%.
* Multiple responses were possible, so percentages can go over 100% when added.

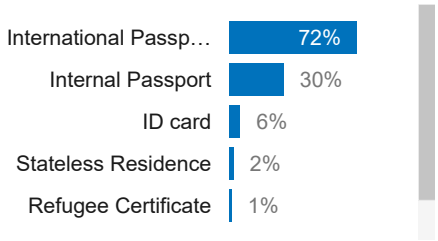
Country: Slovakia | Interview Month: Multiple selections | Arrival: All | Oblast: All | Household type: All

IDENTITY DOCUMENT

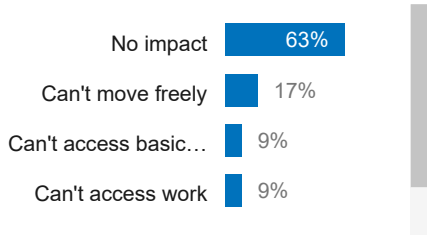
16%

of respondents have at least one household member missing documentation or whose documents have expired

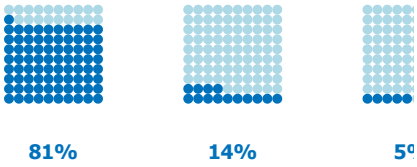
Top missing documentation*



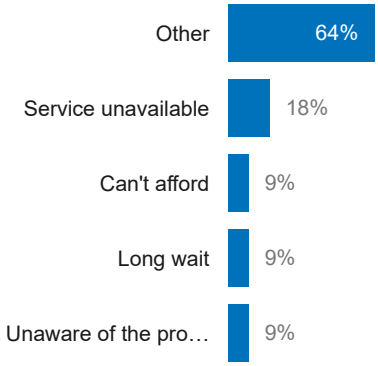
Challenges faced due to lack of documentation*



Ability to replace/renew documentation in the host country**



Reasons for inability to renew/replace documentation in the host country*

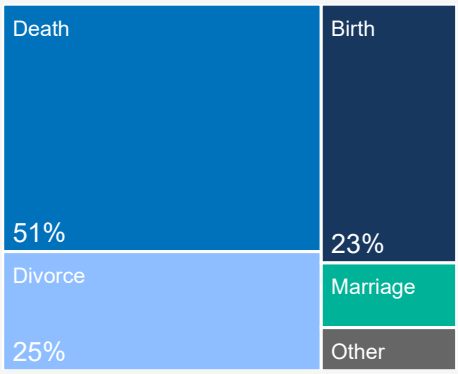


REGISTRATION OF VITAL EVENTS

10%

of respondents reported changes in family composition since their initial departure from Ukraine

Changes in family composition*



9%

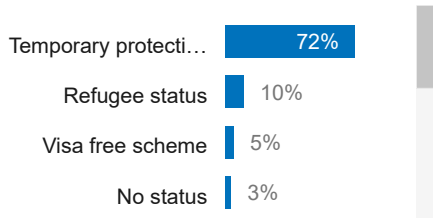
of respondents faced challenges in registering vital events and obtaining corresponding documents in the host country

Note: Out of those who reported changes in their family composition

Challenges faced*

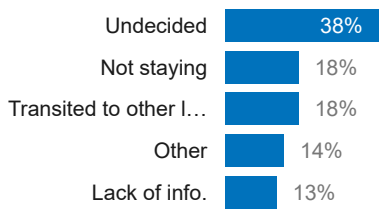
LEGAL STATUS IN THE HOST COUNTRY

Current legal status in the host country**

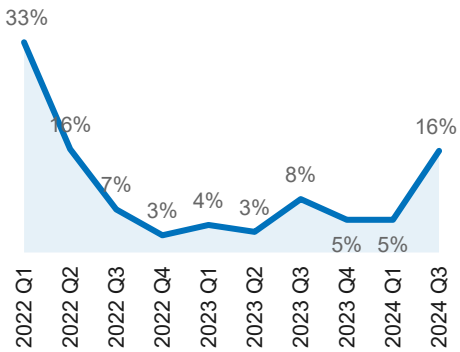


Note: This data does not include results from Belarus

Top reasons for not applying for temporary protection**



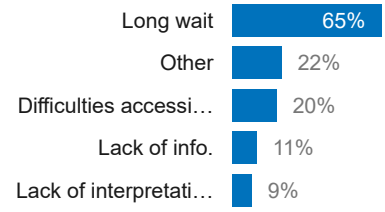
Timeline of application for temporary protection**



12%

of respondents faced difficulties during the temporary protection application/extension process

Difficulties faced*



** Due to rounding some percent totals do not add up to 100%.
* Multiple responses were possible, so percentages can go over 100% when added.

Country: Slovakia | Interview Month: Multiple selections | Arrival: All | Oblast: All | Household type: All

FAMILY REUNIFICATION

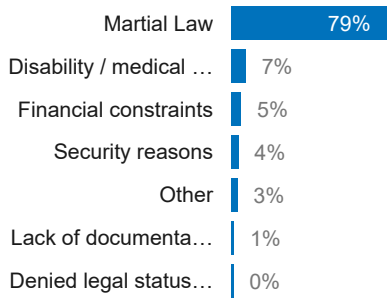
79%

of respondents have immediate family members who remained in Ukraine

64%

of respondents have faced difficulties reuniting with immediate family members who remained in Ukraine

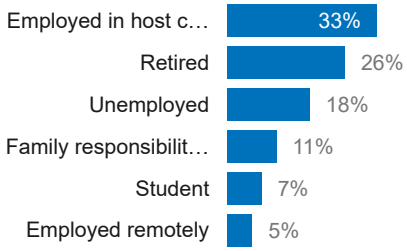
Factors preventing reunification*



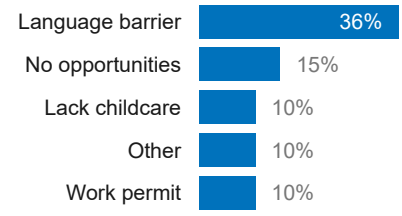
Note: out of respondents who have immediate family members who remained in Ukraine

ACCESS TO WORK

Current main activity **



Barriers to accessing employment *



Note: out of those who indicated being unemployed

5%

of respondents do not have an employment contract

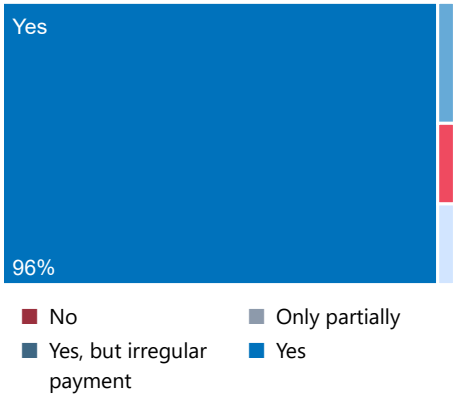
7%

of respondents reported working excessively long hours

1%

of respondents reported the confiscation of their documentation (e.g. passport) by their employer

Access to earnings**



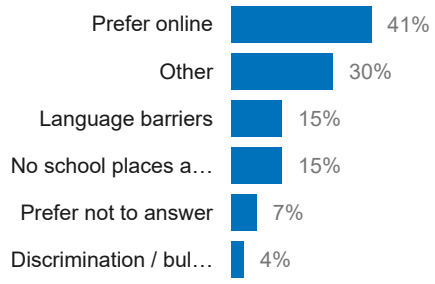
Note: out of those who are currently employed

EDUCATION

16%

of households with school-aged children reported at least one child not registered for education in the host country

Reasons for not enrolling children in the host country*



SOCIAL PROTECTION

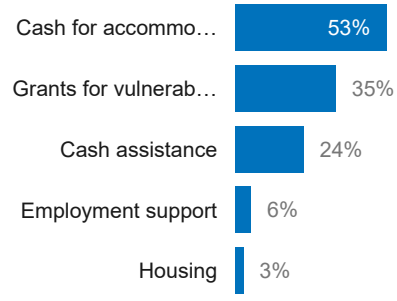
71%

of respondents or their household members have applied for government-provided social protection benefits

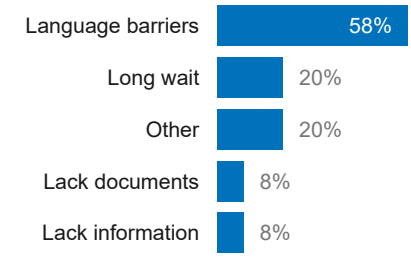
13%

of respondents or their household members experienced challenges accessing social protection benefits

Types of social protection benefits*



Challenges faced*



Note: out of those who applied

** Due to rounding some percent totals do not add up to 100%.
* Multiple responses were possible, so percentages can go over 100% when added.
