CHAD

# Sudanese emergency - Protection situation of new arrivals

*From April 21 to 27, 2025*

PROJET 21

## Key figures

**527** Households interviewed

78%

22%

527 households out of a total of 860, or 61% of households interviewed between 21 and 27 April 2025. The provinces of Wadi Fira and Ennedi Est registered the most recent arrivals.

## Summary

This dashboard summarizes the views of Sudanese refugees, on the situation and protection risks in Chad. The perceptions of these households, interviewed either at the entry points or at the transit sites, a few days after their arrival in Chad, reflect the trauma of fleeing and the relief of having crossed the border.

From April 21 to 27, 2025, 527 households of 1,616 individuals were interviewed, including 350 households of 1,045 individuals, at *Birak, Kulbus and Tiné* entry points in Wadi-Fira province, 126 households of 420 individuals at *Bahai* entry point in Ennedi Est and 51 households of 151 individuals at *Adré, Midjiguilta* and *Koufroun* entry point, in Ouaddai province,.

The main trends to be highlighted from the interviews are as follows:

### Access to the asylum country

- 43% said that insecurity was the main driver of their flight to Chad while 16% mentioned lack of access to economic opportunities and basic services.
- 76% experienced Human Rights violations, including extortion of property 28%, physical assault 22%, and illegal taxes 7%
- 57% have family members stuck in Sudan and unable to flee to Chad because of lack of transportation means (66%); fear of arbitrary arrest (19%) or fear of forced recruitment (7%).

### Education

- 68% of households indicated that their children dropped out of school due to the crisis.
- 97% of households have children at school age.

### Child protection *

- 75% of households say they have access to hygiene services (water, latrines, etc.)

### Documentation

- 10% have birth certificates and 39% have identity cards or other types of documents
- 51% of households don't have documents and claimed that their documents were lost or burnt (94%) or confiscated during their flight to Chad(1%).

### Community engagement *

- Access to available services (26%), Information on the country of origin (25%) and available assistance (25%) are the types of information preferred by the households surveyed.

## NEW ARRIVALS FLOWS *(Households interviewed)*
