Shelter types for new arrivals

Emergency tents and individual shelters

3,500 tents and individual shelters constructed to host the newly arrived refugees. More shelters under construction.

Emergency 4-unit shelters

About 600 emergency 4-unit shelters constructed so far. Each shelter hosts 4 families in individual units separated by plastic sheeting.

Existing buildings

Schools, churches, youth centres and other buildings are used to temporarily accommodate refugees.

Emergency mass shelters

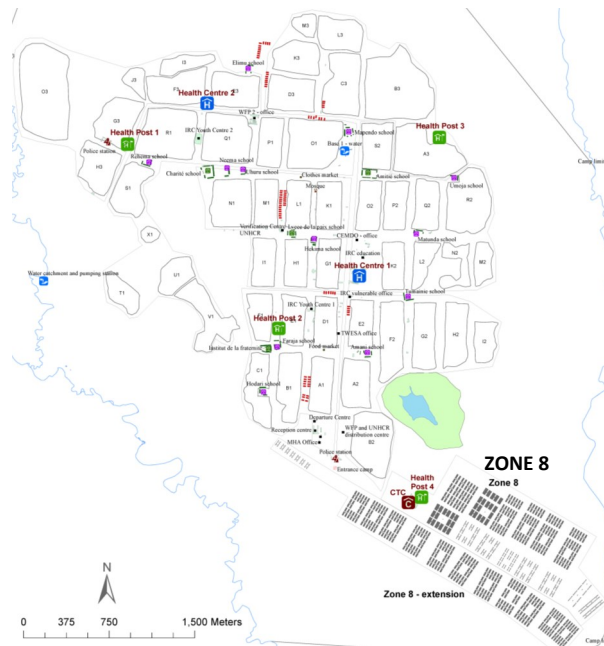

About 120 mass shelters built to accommodate the rapidly growing number of Burundian refugees. Each shelter hosts between 150 – 200 individuals.

*Excluding swamp land, lake and farms ** Standard: 1 health post for 10,000 people, 1 health centre for 50,000. Currently there are 4 health posts and 2 health centres in Nyarugusu — For more information or suggestions please contact: TANKSIMO@unhcr.org or visit: <http://data.unhcr.org/burundi>
