Current Situation

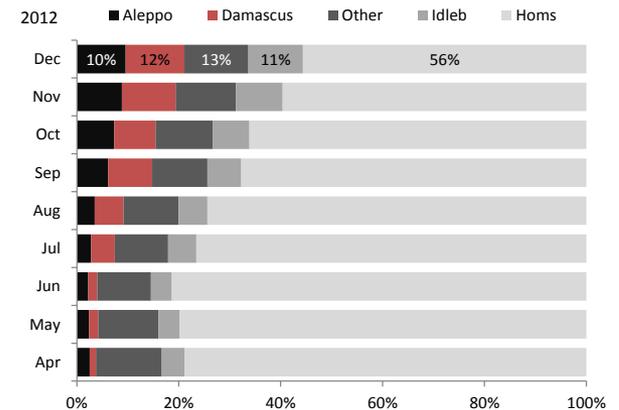

192,045

- > 2,000 persons approach UNHCR daily
- > 40,000 each month

Places of origin

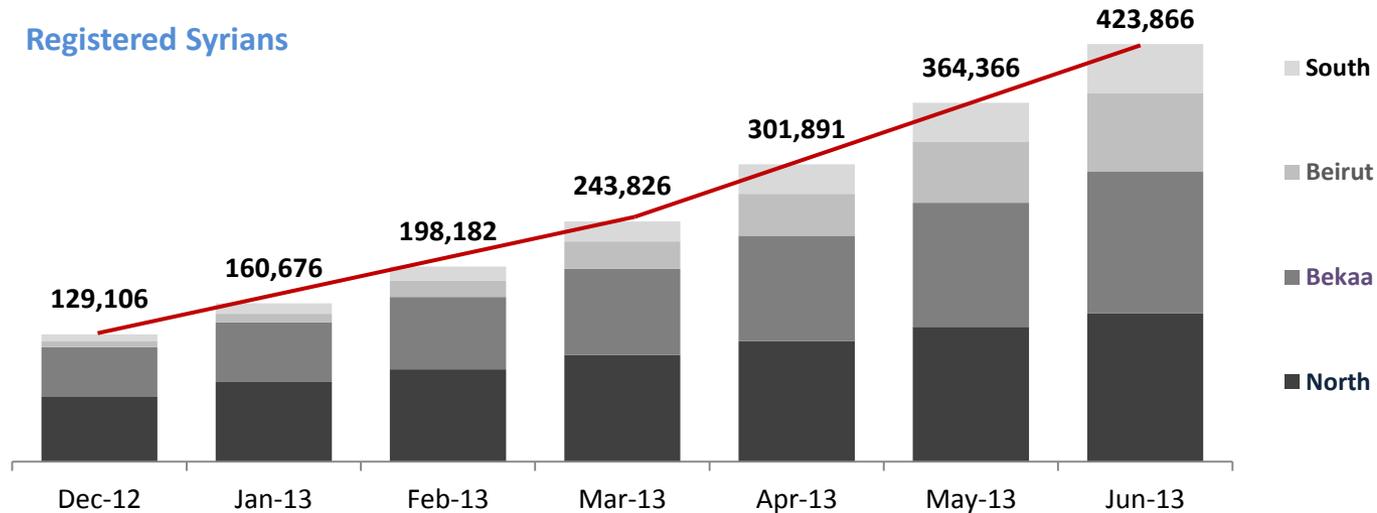

Increased capacity

Up to 425,000 by June

Registered Syrians

- Target: Less than one month waiting period
- Monthly capacity will increase to 30,000 in January to 60,000 by May
- An emergency registration database developed for mass influx capacity of 6,000 persons day.

PROTECTION

2012 achievements

Community outreach visits

15,270

Legal counseling

820

Detention visits

1,151

Beneficiaries

Access

- Permitted to enter
- No refoulement
- Renewal within Lebanon
- Fees and regularization under discussion

Safety and security

- Over 600 families in Tripoli in high to medium risk zones (due to intermittent clashes)
- UNHCR provides counselling, and assistance to those wishing to relocate

CHILD PROTECTION

- Case management training for child protection on-going
- Inter-agency country wide child protection assessment scheduled for January
- Assessment will cover the whole country and will focus on SGBV

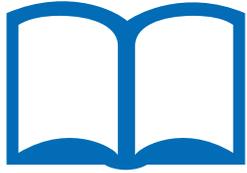

SGBV

2012 achievements

	Beneficiaries
SGBV cases	42

- Inter-agency emergency SGBV SoPs developed including referral mechanisms for North and Bekaa
- Enhance liaising with other sectors for SGBV prevention
- UNHCR SGBV coordinator soon on board

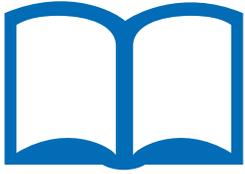

EDUCATION

2012 achievements

	Beneficiaries
Enrolment	31%
Back to school packages (BtS)	19,000
Remedial classes	3,000
Accelerated learning	1,400
Recreational activities	1,300
Parent coaching	1,500
Teachers and social workers trained	248
Received awareness campaigns	10,000

- The **Back to School campaign** ensured that **31,000 new children** were enrolled in school (MEHE statistics) in addition to the 19,900 Syrian children who were already enrolled in the Lebanese public school.

EDUCATION - Challenges

- Lack of space and capacity
- Curriculum: Language of instruction (French and English)
- Teachers unable to deal with large classes
- Children with trauma and special needs
- Bullying in schools
- Increased drop-out or non-enrolment
- Lack of meaningful initiatives and programs for youth

EDUCATION – Plan 2013

- Strengthen the MEHE capacity to deal with the crisis
- Expansion of learning spaces and rehabilitation of schools
- Special attention for children with disabilities
- Second shift to be opened in the afternoon for accelerated learning programmes
- Increase monitoring and follow-up of cases of bullying and discrimination
- Youth programmes - vocational, life skills
- Secondary and tertiary education through the provision of scholarships
- BtS campaign for 2013/14 school year

HEALTH

26,979 Beneficiaries in 2012

2012 achievements

Primary healthcare

Life-saving secondary healthcare

Health education

Beneficiaries

15,200

6,000

5,779

- Referral criteria and committee established for secondary and tertiary care
- A network of 22 contracted hospitals has been established across Lebanon
- Hospital costs for secondary health care covered to 85%
- 100% coverage for pregnant and lactating women and children under 5

HEALTH - Challenges

- Rapidly increasing number of patients
- Referrals to hospital (secondary and tertiary health care) are extremely costly
- Growing number of mental health needs
- Weak data collection and reporting mechanisms
- Health awareness

HEALTH – Plan 2013

- Ensure continuity of comprehensive PHC and address specific areas of concern
- Strengthening Ministry of Public Health structures at ER, PHC and even secondary/ tertiary level
- Expanding programmes to address mental health needs
- Health Information System (HIS) for Lebanon being implemented
- Strengthen outreach and health education activities

SHELTER

2012 achievements	Beneficiaries
Total received shelter support	30,000
Housing rehabilitation	10,000
House weatherproofing	6,700
Cash for shelter	3,000 hosts + 750 refugees
Collective shelters renovated	800
Temporary shelter	300

SHELTER

Challenges

- To renovate shelters fast enough and find alternatives
- Inability to keep up with weekly demand
- 100 families a week whose needs cannot be appropriately addressed
- Need to plan for transit sites as contingency

Action

- Approval for two transit sites in north and Bekaa received
- Additional local capacity – perhaps army
- UNHCR site planner arrives today
- Technical inter-ministerial meeting gaining traction

SHELTER – Budget

- UNHCR and partners are cash strapped
- Additional funds needed for present shelter needs and contingencies including for:
 - Weather-proofing and basic rehabilitation and wash
 - Identification and rehabilitation of collective shelters
 - Emergency sanitation units for mass influx
 - Construction and implementation of two transit sites - 5,000 persons each
 - Additional stockpiles and 16 rub halls to store much needed relief items

Action

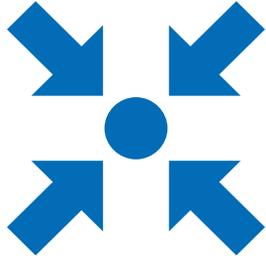

- Shelter conference sponsored by Norwegian Embassy, MOSA and UNHCR next week

STOCK REPORT

	Stock	Pipeline	Beneficiaries
Tents	685	3,150	16,450
Blanket	4,090	174,090	112,045
Kitchen set	7,631	22,200	149,155
Matresses	1,610	48,000	49,610
Jerry can	4,000	20,000	120,000
Plastic tarpaulins	9,533		23,833
Bucket		20,000	100,000

- Warehouses – Beirut (identified), Qubayat, Zahle, Tripoli
- Expected completion of the pipeline – 30th March 2013

INTER-AGENCY COORDINATION

- Enhanced inter-agency coordination
- Increased technical capacity
- Standardised meetings, schedules, notes, action plans
- Need for decision-making at field level
- Donors and partners to identify priorities/activities to be funded based on the work plans / strategy provided by the sector leads

INFORMATION MANAGEMENT

- Web Portal: <http://data.unhcr.org/syrianrefugees>
- UNHCR has now expanded capacity
- Mapping facility
- Regular inter-agency IM meetings
- More regular data sharing
- Consistent attribution of partners information
- Coordinate and support of needs assessments

Revised Syrian Refugee Response

New Trends

- Targeting (vs. blanket assistance)
- Cash assistance (vs. in-kind distribution)
- Repair of social infrastructure
- Expanded outreach efforts
- Services also to Palestinian refugees from Syria
- Collaboration with organisations outside formal coordination mechanism
- Shelter contingency planning for massive influx

Revised Syrian Refugee Response

Total Funding Appeal Lebanon (UNHCR + partners)	Total Funding Appeal Lebanon (UNHCR)	Planning figure Jan-Jun 2013 (RRP4)
USD 267 million	USD 103 million	300,000 refugees

UNHCR Funded as of January 2013	UNHCR + Partners Funded as of January 2013
USD 14,2 million (13,8%)	Figure not yet available
