

RRP5 TARGET

(assumes 1 million refugees by end 2013)

300,000 refugees in camps with access to safe drinking water

300,000 refugees in camps with access to sanitation facilities

250,000 beneficiaries with improved access to WASH services in host communities

135,000 beneficiaries of WASH in schools, youth/child-friendly spaces and public places

550,000 beneficiaries of hygiene promotion and hygiene kits

Current Planning Figures

529,839 Total Persons of Concern as of 1 October 2013

137 M USD required budget

NEEDS

Complete package of WASH services in camps. WASH services to refugees living in host communities according to the needs identified through a coordinated effort. Special emphasis would be on the needs of women, children, disabled and elderly. Priority will go to households living in temporary settlements, female-headed households and the needs of children, disabled and elderly.

Improving the water supply infrastructures for host communities with the largest concentrations of refugees will be another priority, critical to reduce tensions over water availability especially during the summer months. Schools in camps will be provided with WASH services, while schools with refugee children in host communities of Mafraq, Zarqa, Irbid, Maan and Amman Governorates will have improved WASH

OBJECTIVES (as per RRP5)

- 1 Ensure regular access for Syrian refugees living in camps to sufficient and safe drinking water; secure and clean sanitation and hygiene facilities which are culturally appropriate for both genders, giving consideration to those with special needs
- 2 Improve access to WASH services and facilities to vulnerable Syrians and urban and rural host communities
- 3 Rehabilitate and install gender appropriate water and sanitation facilities for boys and girls in schools,
- 4 Establish and maintain effective mechanisms for WASH coordination at national and sub-national levels

KEY SEPTEMBER DEVELOPMENTS

Inter-agency WASH assessment in Jordan: led by Acted with overall objective to identify water, sanitation and solid waste needs at community level in 30 pre-selected BSUs and to inform interventions as per typology of BSU. The final report will be finalized by end of October.

OXFAM GB - ECHO EMMA (Emergency Market Mapping and Analysis): carried out in northern Jordan August/September 2013. The analysis focused on Balqa and Zarqa Governorates, as well as the informal tented settlements of the Jordan Valley and Eastern & Southern Amman. The assessment aimed at informing the WASH emergency response activities in Jordan related to the Syrian refugee influx, as well as informing the medium-term WASH strategy for Oxfam GB.

Hygiene Promotion Trainings/Workshop: Two-day sessions were carried out for 30 participants in Zaatri from UNICEF, ACTED, JEN, Oxfam GB to harmonize HP methodologies among WASH partners operating in the camp. Another Amman Level training was held at UNICEF for 35 participants from RI, Oxfam, WVI, ACTED and JEN for their staff working in schools, host communities and informal settlements. Another training was facilitated by UNICEF for JEN’s new staff to work at schools in host communities.

Health & Hygiene Campaign: launched in Zaatri camp reaching over 8,000 individuals (40% males, 60% females), mainly covering hepatitis and scabies, coordinated by UNICEF, MSF, JEN, IRD, ACTED, OXFAM, IMC and Save the Children International.

ACHIEVEMENTS TO DATE

- 50,867 beneficiaries connected to the water network
- 122,017 beneficiaries of water trucking
- 144,884 beneficiaries with access to adequate latrines
- 122,017 beneficiaries with access to shower facilities
- 201,920 beneficiaries reached through hygiene promotion
- 122,017 beneficiaries with access to solid waste collection and disposal services
- 12,540 beneficiaries of WASH in schools

WASH RESPONSE

Overall % of target achieved as per sectoral targets.
(Note : Total current refugee population figure is at 50% of target.)
