## KEY DEVELOPMENTS

The Government of Turkey (GoT) takes the lead role in determining NFI requirements for the refugees in camps.

Procurement process of 240,000 high-thermal blankets for winterization assistance by UNHCR is underway. Delivery is expected by mid-January.

Procurement process for contingency (preparedness) items (kitchen sets, medium blankets, jerry cans, sleeping mats, rubhalls) for 40,000 Syrians has been completed by UNHCR. Delivery of the items to Turkish Red Crescent Society warehouse was completed.

Procurement of the 23 mobile registration/coordination centers for AFAD by UNHCR is ongoing. During November, 6 of the centers were delivered to AFAD, with a total of 7 delivered so far. 11 additional mobile registration/coordination centers are planned to be procured for the Directorate General of Migration Management.

Delivery of the 2,550 electric heaters (oil-filled radiators) to camps where there was an urgent need due to early onset of the winter conditions (1,850 to Malatya Camp, 700 to Mardin camp) was completed in November by UNHCR.

Twelve Containers (6 shower and 6 latrine) were procured by IOM within November. Two of the shower and two of the latrine containers were provided to Kilis Reception Centre, where over 3,000 persons are residing. The remaining containers have been constructed in Nusaybin camp where there is expected to be 20,000 persons.

The Government of Turkey takes the lead role for determining and implementing assistance provided to Syrian refugees, through the Prime Ministry Disaster and Emergency Management Presidency (AFAD). AFAD reports spending over 2 billion USD on the Syrian Refugee Response in Turkey.
