

## WHO WILL BE ABLE TO PRE-REGISTER?

You have to meet **ALL** of the following three conditions to be pre-registered:

1. You must have entered Greece after 1 January 2015 and before 20 March 2016
2. You must have a police note – even if that police note has expired. If you have lost your police note, your pre-registration may be delayed.
3. You must live on the Greek mainland (not the islands)

If you meet all these criteria, you can be pre-registered.

There is no limit to the number of people who can pre-register.

Pre-registration is possible for all nationalities.

Pre-registration is free – it does not cost any money.

People who meet all conditions will be pre-registered in three groups:

**Group 1:** People living in the official sites will be able to pre-register first.

**Group 2:** After everyone living in the official sites has been pre-registered, people living in the informal sites and have been taken in the meantime to an official site will be taken to and from a pre-registration centre by bus, where the pre-registration takes place. Those still living in the informal sites will only be pre-registered if they are willing to move to an official site.

**Group 3:** People who live in hotels, apartments or other buildings in cities or villages outside the sites will be able to pre-register after the first two groups. In mid-July pre-registration centres will be opened for them for a limited period of time in Athens and Thessaloniki.

**Everybody will have the opportunity to pre-register. There is no limit to the number of people who can pre-register!**

You do not have to pre-register if you don't want to.

It is very important that all family members pre-register together.
