

## National Inter-Sector WG

<b>Date:</b>	21 April 2016
<b>Participants:</b>	IMC, UNHCR, CRS, Save the Children, DRC, NCA, Samaritan's Purse, IOCC/Apostoli
<b>Chair:</b>	Alexandra Krause ( <a href="mailto:krause@unhcr.org">krause@unhcr.org</a> ), UNHCR
<b>Agenda</b>	<ol style="list-style-type: none"> <li>1. Adoption of meeting minutes and review of pending action points</li> <li>2. Update on RRMRP</li> <li>3. Update on gaps per sector</li> <li>4. AoB</li> </ol>
<b>Agenda item</b>	<b>Action points</b>
<b>Review of pending action points</b>	<ul style="list-style-type: none"> <li>• Health WG to provide guidance on how to report or deal with cases of tuberculosis <ul style="list-style-type: none"> <li>○ Pending</li> </ul> </li> <li>• SGBV Sub-WG to share findings of the safety audits <ul style="list-style-type: none"> <li>○ First sites have been visited in the North; reports will need to be shared</li> <li>○ Share the template of the safety audits with partners</li> </ul> </li> <li>• SMS WG to provide list of site focal points for those who agree that their contacts are shared officially <ul style="list-style-type: none"> <li>○ Final list will be shared asap, however, government counterparts change regularly at site level which makes it difficult to keep this updated</li> </ul> </li> <li>• Partners active in Education should provide feedback and their project submissions to Elena and Alex <ul style="list-style-type: none"> <li>○ Done</li> </ul> </li> <li>• All national Sector Coordinators should ensure that their sub-national counterparts are included in their mailing list and vice versa for more timely information sharing. <ul style="list-style-type: none"> <li>○ Done</li> </ul> </li> <li>• The decision if and how a separate field level structure for the Attika region is required should be discussed in all WGs and feedback provided next week to the ISWG. <ul style="list-style-type: none"> <li>○ Several actors decided not to have a separate Attika region coordination structures, others such as the SGBV Sub-WG will have a Attika structure</li> </ul> </li> <li>• UNHCR to provide summary document with key messages on legal aspects to access asylum to be shared by next week. <ul style="list-style-type: none"> <li>○ Pending</li> </ul> </li> <li>• UNHCR IM focal point to attend regularly the ISWG. A summary of which systems exist will be provided by the IM focal point by next week. <ul style="list-style-type: none"> <li>○ Done</li> </ul> </li> <li>• SMS WG to share code of conduct once finalized and share with partners for endorsement. <ul style="list-style-type: none"> <li>○ Pending</li> </ul> </li> </ul>

	<ul style="list-style-type: none"> <li>• All Sector leads to ensure to include translation, if an issue, into their response strategy. <ul style="list-style-type: none"> <li>○ Done</li> </ul> </li> <li>• Protection WG will draft by 30 April minimum standards for using interpreters differentiating community outreach and other specialized services. <ul style="list-style-type: none"> <li>○ Pending</li> </ul> </li> <li>• Sector WG leads to pass on the information on the revision of the site monitoring tool and encourage partners to send feedback to Elena del Fabbro and Alex Krause by latest Tuesday, 26 April <ul style="list-style-type: none"> <li>○ Pending</li> </ul> </li> </ul>	
<b>Agenda item</b>	<b>Discussions</b>	<b>Action points</b>
<b>Adoption of meeting minutes</b>	Meeting minutes from this week and last week meeting were endorsed.	
<b>Update on the RRRMP</b>	Sector WGs advancing well with the finalization of the sector strategies; final submission of partners with regards to project sheets and financial tracking was Thursday; the final overall strategy will be circulated during the weekend with deadline for comments by Monday, 25 April, 17.00 hrs.	
<b>Updates per sector</b>	<p>For the food sector concerns again were raised on the quality and quantity of food, in particular for women and children. Food distribution modalities are not prioritizing people with specific needs and those with chronic illnesses such as diabetes often cannot receive adequate food. It was highlighted that communal kitchens and safe cooking areas should be promoted in all sites.</p> <p>Save the children will share their information documents on breastfeeding and the usage of baby formula.</p> <p>Sector leads are encouraged to provide feedback on the site monitoring tool questionnaire by Tuesday, 26 April.</p> <p>The CwC WG is still blocked to finalize the Q&amp;A document for legal pathways to asylum given that UNHCR has not yet published their guidance.</p> <p>It was agreed that better options need to be explored for the information sharing in the sites; billboards so far seem to have limited success.</p>	<p>UNHCR to discuss with Ministry of Defense and Migration Policy on the issue of food (quality, quantity and modalities).</p> <p>The NFI/Shelter WG to provide standard designs for a communal kitchen (minimum concept) and provide guidance for “safe cooking” areas. Suggestions to be made on safe energy options (gas vs. electricity vs. fire).</p> <p>Save the children to share their two info documents on breastfeeding for internal guidance only.</p>

	<p>Health WG informed that the Hellenic Red Cross and MDM are scaling up their activities. MSF has received a waiver from the MoH for the vaccination campaign for Eidomeni. Participation of the Mol and MoH in the WG is still under discussions as there seems to be issues with regards to the division of labor in the sites.</p> <p>Protection WG highlighted the increase in security incidents and raising tensions in many sites. Police is often not active enough and there seems to be lack of clarity whether police is responsible for ensuring security inside the sites.</p> <p>Sector leads are encouraged to discuss any IM needs with the IM unit (Hawraa Harkous and Ioannis Papachristodoulou) to ensure that coherent systems are established which allow for a comprehensive analysis, avoid duplication of data collection efforts and decrease reporting requirements for partners.</p> <p>The SGBV Sub-WG highlighted the lack of partners operational on the sites. They are in contact with the SG Gender Equality and options of using the 1590 hotline for incidents are being discussed. Interpretation remains an issue. Flyers are currently being developed on how to access services and referral pathways.</p> <p>The Child Protection Sub-WG are discussing minimum standards (legally and operationally) for accommodation for UAM to ensure that there are coherent standards across the country.</p> <p>NFI/Shelter WG informed about the fire incidents and the incidents with the rub halls which were blown away; some after the safety pins were taken off by children. RHU will be subsequently replaced by other shelter options and the manufacturer Wiikhall is coming on mission to assess wind exposure and mitigating measures to ensure that rub halls in particular in the North are safe.</p> <p>The large scale NFI distribution in the mainland has started; hygiene kits contain sanitary napkins.</p> <p>The WASH WG informed about the remaining gaps in the gender and culturally appropriate facilities (Turkish toilets and segregation between male/female); given that in some sites women and children represent the highest number of residents, WASH facilities need to be allocated in sufficient numbers. Access for handicapped persons is currently being looked at. Hygiene promotion remains a gap area as well as the question</p>	<p>Sector leads are encouraged to provide feedback on the site monitoring tool questionnaire by Tuesday, 26 April.</p> <p>UNHCR to discuss with Minister Tsirogoti on the issue of security in the sites.</p> <p>CP Sub-WG to finalize and share minimum standards by next week; NFI/Shelter WG to provide technical inputs for the accommodation solutions on sites.</p>
--	--	---

	<p>of sustainability of cleaning services. The idea of a “hygiene kiosk” where people can get information on hygiene promotion was highlighted as a good practice.</p> <p>The Cash WG has finalized their MEB which will be shared with the ISWG. The MEB is 10% under the low income package for Greek nationals and differentiates between size of families, regions and urban and camp based population.</p> <p>The SMS WG highlighted again the need for a clear counterpart from the Government for SMS to ensure buy-in and sustainability of activities. The National WG is awaiting participation of the Government. A SMS WG does not exist yet in the North. Contingency planning in particular on the islands for the “overflowing” of hotspots was an issue which needs to be addressed urgently.</p> <p>The question on how refugees will be able to access sites which are arriving spontaneously at a site was put on the table.</p> <p>How to ensure assistance and monitoring for urban refugees and migrants will be part of a more in-depth discussion at the next meeting.</p>	<p>Cash WG to share final version of the MEB.</p> <p>UNHCR to bring up with the Ministry of Migration Policy on how to regulate access to sites for spontaneous arrivals.</p> <p>Protection and assistance for urban caseloads to discuss at next ISWG on 6 May.</p>
<b>AoB</b>	NSTR	
The next meeting will be held on Friday, 6 May 2016, 8.30 hrs, UNHCR Office, <b>Michalakopoulou Street, 91, first floor</b> (new office)
