USD 23,024,553 REQUESTED

PRIORITIES

- Conduct trainings to **strengthen the capacity** of partners, stakeholders and IDPs to prevent, address and respond to pressing protection concerns
- Advocate** for a comprehensive IDP policy and IDP legislative framework in Nigeria to build a better IDP protection environment
- Carry out **protection monitoring** to better identify and respond to protection issues
- Co-lead the **Protection Sector Working Group** with the National Human Rights Commission and roll out state-level PSWGs to coordinate protection activities to respond to the humanitarian crisis in northern Nigeria

Institute for Peace and Conflict Resolution, UNHCR's implementing partner, conducted sensitizations on voter rights and obligations to IDPs in two camps in Adamawa State

UNHCR conducted training on IDP protection targeting 35 participants, including Government stakeholders, faith and community leaders, national NGOs, and teachers from four conflict-affected states in the North East

UNHCR and NHRC jointly held training sessions for protection monitors who will monitor individual and community level protection incidents and risks in North East and North Central states

UNHCR organized a training for 8 partners on cash transfer programming in emergencies
