BELGRADE

UNHCR and partners assisted between 400 and 660 refugees, asylum seekers and migrants daily in the city centre. Their main complaint was the lack of sanitary facilities in Belgrade parks and the fact that green zones could not be used for rest due to ongoing renovation of parks around the bus station. Krnjača AC continued to admit only registered asylum-seekers.

The Asylum Info Centre (AIC) assisted, counselled and referred many refugees/migrants, including to asylum procedures, accommodation to Krnjača AC and medical services. UNHCR/DRC doctors treated refugees/migrants during the day (30 per day on average), while MSF and the Real Medicine Foundation (RMF) were on duty at night. The Red Cross, Info Park, Divac Foundation, Refugee Aid Miksaliste, Refugee Aid Serbia, Caritas and others provided food and other aid.

On the occasion of one year's anniversary of successful operation in Belgrade, in a press conference on 3 July with participation of UNHCR, the AIC announced that they would be operating as a new, independent entity, under the name "Crisis Response and Policy Centre - CRPC".
