

Shelter + NFI Sector WG: Athens Hub

Date:	07 July 2016	
Participants:	International Federation of the Red Cross (IFRC), Mercy Corps (MC), Salvation Army, UNHCR	
Chair:	Phoebe Goodwin (goodwin@unhcr.org), UNHCR	
Agenda	<ol style="list-style-type: none"> 1. Validation of 22 June Meeting Minutes. 2. 4Ws (Who does What Where and When) + news/gaps from the field. 3. Mitigating security risks in accommodation sites from shelter/NFI perspective. 4. Final WG Mainland ToR validation. 5. AOB. 	
Key	CWC = Communication with Communities. CWG = Cash Working Group. PoC = people of concern (refugees + asylum seekers + migrants). SMS = Site Management Support. ToR = Terms of Reference. RIS = Reception and Identification Service (replacing FRS).	
Agenda item	Discussions	Action points
Validation of meeting minutes	<p>No items to add/subtract/amend to meeting minutes from 22 June 2016.</p> <p>NOTE: Shelter and NFI Sector Working Group webpage link – (will be up to date by COB July 12th) http://data.unhcr.org/mediterranean/working_group.php?Page=Country&LocationId=83&Id=7</p>	Coordinator to update contact list with new participants' details + upload minutes on Sector WG webpage.
4Ws (Who does What Where and When) + news/gaps from the field	<p><u>Red Cross (IFRC + Partner National Societies - PNAs):</u> Food and shelter assessment in sites where operational has led to revised relief plan of action. Can reach 17,500 PoC with kitchen sets (pots, pans, cutlery etc.) and can provide 3500 electrical stoves to communal kitchen infrastructure-implementing agencies.</p> <p><u>UNHCR:</u> Eleonas – next week shade structures will be installed at the communal distribution points. MC raised fact that a Greek Landscape Architectural Association may be engaged/interested in site improvement works.</p>	UNHCR Attica Site Planner to verify with Eleonas Site Focal points to ensure there is no duplication of planned activities. Perhaps collaboration with association is possible?
Mitigating security risks in accommodation sites from	<p>Discussions during excel table completion raised the following security-related issues:</p> <ul style="list-style-type: none"> - KOS: Hotspot's perimeter fencing is lined internally along the ground with rolls of barbed wire – huge danger to PoC population. Ministry of Defence has reportedly requested for more barbed wire. 	Please see matrix contributions attached in email with minutes.

shelter/NFI perspective.	<p>- LEROS: RIS has given approval for the construction of internal fencing in order to spatially separate different nationalities within the hotspot. Warning: considering central-level approval for this action, such measure may be pursued next on the mainland. MC was asked to install fencing in several mainland sites where they are operational but MC refused.</p> <p>- Important to draw on lessons learnt with enhancing/reinforcing security of/for PoC in other contexts with the same population groups present – aka. Jordan refugee camps.</p>	
Final WG Mainland ToR validation	Participation was too small to achieve validation with adequate Athens Working Group representation.	Coordinator to circulate draft ToR via email one last time for feedback. Deadline will set validation as final.
AOB	<p>Tsepelovo (former orphanage) would be an ideal site for implementing a communal kitchens programme because the commercial kitchen is functioning and requires little (if any) refurbishment.</p> <p>Pre-Registration: It is crucial to ensure that the information campaign for remaining sites and the urban caseload covers all necessary languages.</p>	
<p>The next Athens Hub operational coordination meeting will be held on Thursday 21th July. TIME TO BE CONFIRMED. Venue = UNHCR Branch Office; Michalokopoulou 91, Athens.</p>
