Apologies	Akram - JRC		
ITEM	POINTS	ACTION POINTS	
MSF-France presentation	<p>MSF-France gave a presentation regarding there program in Jordan. In summary:</p> <ul style="list-style-type: none"> MSF-France treats cold war wounded cases (*and domestic violence in extreme cases), for orthopaedic, plastic/reconstructive, and maxillofacial surgeries. Paralysed patients aren't in their criteria (no spinal work). Cases from everywhere inside Jordan, also Iraq, Egypt, Turkey, Yemen. Must not be accompanied by the police; don't need UNHCR registration or MOI card. They work through leave permission from Zaatari, and trying to do so same for Azraq now, more formally. Waiting time is 1-4 months for eligible cases. Cases may be accompanied by a caretaker (if under 18, female, or needing additional care). The program has been around since 2006 and expects to be here for longer. Around 50 admissions per month, average time in hospital is 4 months (up to two years) Comprehensive package from surgery to therapy/prosthesis 2017 the will also expand into joint transplant (e.g. hip) 	<p>Send any referrals to MSF-France Medical Liaison Officer (MLO); Dr Israa – msff-amman-syriamlo@paris.msf.org (referral form attached with the minutes)</p>	

	<ul style="list-style-type: none"> For referrals, you need to send preferable the filled out referral form, or patient name, birth date, two phone numbers and highly recommended to put in diagnosis. 	
Service Advisor presentation	<p>Presentation www.Jordan.servicesadvisor.org, which can be navigated in English or Arabic by governorate, type of service, NGO, etc. There is a separate interface for NGOs to add information: www.admin.jordan.servicesadvisor.org . Now you can 'clone' the services, and just change the location. Good for less than 10 sites. If more than 10, consider putting the list of names. All other information is in the attached presentation.</p>	Presentation added to the minutes
NCD training materials	<p>Materials received from IMC, IRC, IFRC, and JHAS through Dina/UNHCR.</p> <p>IFRC -</p> <p>For IFRC material, other organizations can go online http://www.ifrc.org/what-we-do/health/diseases/noncommunicable-diseases/ncds-toolkit/ and use any of the trainings or materials from the website. If they print out/use items, keep IFRC logo and do not put your own logo</p> <p>IMC – have trained IMC CHVs on NCDs (Asthma, diabetes, Hypertension, usually get doctor to give training to CHVs. Get in contact with Fadi from IMC if you are interested in the materials.</p> <p>IRD is doing a training with pre and post-test, and satisfaction survey. They will share these in the future.</p> <p>HSD is working with RHAS soon to create materials on NCDs and overall RMNCH+.</p> <p>JHAS will provide IRD urban with NCD training. They will share the training materials (English and Arabic). Smoking, DM, HTN, asthma, etc. JHAS/UNHCR has two CDC certified trainers on staff. They are available to provide other trainings to other organizations upon request, for free. (Contact Dina from UNHCR)</p>	
Co-Chair CHTF	<p>Aseel Amin from IRD has been nominated for co-chair position CHTF.</p> <p>We didn't receive any other nomination. Voting for the position will be done through Survey Monkey.</p>	Caroline will create survey monkey for the election.

<p>AOB</p>	<ul style="list-style-type: none"> - WHO NCD STEP survey (last was 2007), steps are usually every 3-5 years, but now they will do the next step (data collection will take place in April 2017). - JHAS Zaatari CHVs – good work with IRD CHV program on RH services, specifically ANC and PNC visits. Currently 80% of pregnancy women receive ANC and 70% delivered women receive PNC, and this is below WHO goals. Started implementing in May and so far have seen good increase in ANC and PNC results. - IRC has shrunk the CHV program, and has 60 very well trained CHVs in Irbid and Mafraq if other organizations want to pick them up. Explained criteria for how we decided who to cut, who to keep. - IRD has moved from papers to tablets for CHVs (home assessment forms) - HSD will reactivate CHCs and orient them on their roles in the Integrated Service Delivery package - JHAS held NCD training for health educators. - 3 awareness sessions on breast cancer awareness, and hepatitis. Also will do an overall assessment of the CHVs at the end of the year. - IMC Azraq did referral training for other partners and also improved their internal referrals. Hepatitis outbreak is contained, now only dealing on case by case process. - IOCC will start IYCF awareness campaigns. Assessing CBOs in Amman, Irbid, Zarqa and Mafraq. Will do recreational activities in partnership with National Center for Culture and Art. Also partnership with IFH to do mother groups for IYCF awareness + MUAC screening. - JICA and Medair – trained 15 Medair CHVs on how to deal with disabilities during homevisits. Will continue over the next two weeks. JICA is open to training other organizations in disabilities too. - Save the Children – breast cancer awareness program. 400 women were reached and screened. - Health Finance and Governance – 24M USD/ 5 years for universal health coverage. 	<p>JHAS will send PPT on ANC and PNC demand increase in Zaatari through working with IRD CHVs in Zaatari.</p> <p>IRD Zaatari will share assessment template of CHVs they plan to roll out this year</p> <p>JICA willing to do disability trainings for other organisations. Medair able and willing to do PFA trainings for others (30 Nov for JICA peers)</p>
-------------------	---	--

	- Medair – spent most of cash for health budget. Still possible to send referrals, but criteria are strickter. Medair will do PFA for disabled peer counsellors with JICA.	
Next meeting	Next meeting Wednesday, December 14, 11-12:30 Agenda will be shared in advanced	

Community Health Task Group Contact List – Updated November 2016

Name	Agency	Position	Email	Phone number	
Elsa Groenveld	Medair	Health and Nutrition Programme Manager Co-chair of the CHTG	Healthpm-jor@medair.org	079 50 743 78
