April 2017 Daily Arrivals

Cumulative Arrivals (Month to Month)

The current Burundi refugee situation in Tanzania began late April 2015. The months that followed saw significantly high number of persons of concern arriving in Tanzania, mainly through Kagunga, a tiny border village along Lake Tanganyika and other entry points in Kigoma region. The population was relocated to Nyarugusu camp, which was already host to 65,000 persons of concern, mainly DR Congolese. The camp quickly ran out of capacity to host the new population, prompting the opening of a new camp; while Nduta, in Kibondo district on 07-Oct-2015. A second camp, Mtendeli was also opened on 14-Jan-2016 to host new arrivals. Mtendeli reached its full capacity of 50,000 in mid October 2016. All Burundian new arrivals have since then been hosted in Nduta camp, which now expands to more than twice its initially set capacity. DR Congolese and other nationals continue to be hosted in Nyarugusu.
