

- OTHER ISSUE: UNHCR came to the camp and spoke to the IDPs. IDPs mentioned the need of fire wood is of importance during the rainy season.

**12 - Baw Du Pha Village** (estimated 11,000 residents)

- PROTECTION: Regular protection monitoring and support to women's group on-going.

**13 - Dar Paing IDP Camp** (estimated 10,500 residents)

**Issue**

- SECURITY: An incident occurred between the IDPs and the Police in sector 4 on 6<sup>th</sup> August, one IDP was shot dead by the police.
- CAMP MANAGEMENT: Full range of activities on-going, focus on access to service monitoring and referral, integration of camp representatives into camp coordination meetings, FGD with men and women regarding how they want to receive information from agencies, sensitization for camp residents on CCCM phone hotline for any concern or inquires. DRC CM did an assessment with CMC household survey for solar lamp distribution in sector 4, met with tented area group leaders and collected HH survey, confirmed number of HH with group leaders. Community Services activities included restarting caneball competition and snack making competition.
  - SHELTER: On-going monitoring of shelters condition (including tarpaulin distribution to damaged shelters due to wind hit in sector 1), replacing shelter and unit numbers. All damaged roofs have been repaired. IDPs report need for repairs to walling and flooring, and small roof leaks.
- WASH: SI full WASH activities on-going, focus on - sanitation in sector 1 and 4, repair of damaged latrines in sector 2 and 3, distributed hygiene kit for damaged shelter due to tornado, home visits to take a list for diarrhoea patients, repair of damaged wash rooms in sector 4, construction of cement drainage (in Sector 1, 3, and 4), numbering of latrines and coating the latrines' stairs, distributed ceramic water filter pot for each HH. SI did training about ceramic water filter before distribution, constructed blue tank for storage of waste in sector 4, health education and hygiene promotion in TLSs from sector 4 and 3, repaired the BH in sector 4, and repaired the latrines and latrine pits in sector 3. On-going camp and latrines cleaning, and monitoring of wash facilities.
- HEALTH: Rural Health Centre is open daily. IRC opened clinic in Sector 4 one day in week 1, and two days for the rest of the month, and distributed dignity kits to twenty pregnant women. IDPs requested clinics in sector 1, 2, and 3 - difficulties coming to clinic due to bad transportation. IDPs report sometimes having to return home without medical care because of too many patients and not sufficient time at the clinic.
- FOOD: WFP delivered food and distribution was done with rice only in first week, and oil a week later, and beans and other items in the last week. IDPs state WFP should share their monthly food delivery plan in order to be able to give information to the camp residents. They requested to get food rations from WFP in first week of every month because of delayed distribution by WFP. A Muslim donor group distributed noodles and oil to tent group from sector 4. A donor from England donated 24 big rice cans and dry fish per each HH that is not on WFP list.
- EDUCATION: In sector 4, TLS are running regularly. State Education Department provided wooden benches. In sector 3, one TLS was closed temporarily for re-construction, MRF did monitoring; other TLS are running regularly. UNICEF, LWF and

**Status**

DRC CM - metal tape distribution is planned to repair small leaks.  
 DRC (CCCM) To follow up 1<sup>st</sup> week Sept re: repair of shelters damaged by the wind.

Requests for additional health provisions forwarded to Health Cluster to be raised at next meeting.

Food concerns regarding distribution plan and multiple delivery dates reported to WFP.
