## 26. Sin Aing Village

Population : no updated information available.

<p><b>Highlights</b></p> <p><b>Security:</b> Reportedly, there have been some tensions between the inhabitants from Sin Aing village and neighbouring villages.</p> <ul style="list-style-type: none"> <li>• <b>Other update on activities and issues</b></li> <li>• <b>WASH:</b> water sources are limited in the village, particularly in the dry season. During the rainy season they can fetch water from water ponds nearby.</li> <li>• <b>HEALTH:</b> villagers go to Sittwe Hospital for medical treatment as there is not any medical or health center in the village or nearby. The villagers ask for a medical center or clinic to be open in the village.</li> <li>• <b>EDUCATION:</b> there is an elementary school in the village with 201 students and 10 teachers. The villagers ask for support for the school.</li> </ul> <p><b>Follow up on former issues</b></p> <ul style="list-style-type: none"> <li>• NTR</li> </ul>	<p><b>Follow up, challenges and advocacy</b></p> <ul style="list-style-type: none"> <li>• The Protection Team continues to follow up on possible tensions in the area and concerns by the villagers as a result of the tensions (i.e. limited freedom of movement, threats, etc). Any detailed information will be referred to the PWG.</li> <li>• The Protection Team will follow up with the Health Cluster on whether the Ministry of Health has sent health staff to this village or not in the past weeks.</li> </ul>
