Sanaag	415	2,490	415	2,490
Bari	400	2,400	400	2,400
Total people assisted through the CRI response	2,700	16,200	1,700	10,200

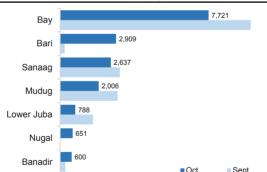

Situation overview

From 1 to 31 October, the UNHCR-led Protection & Returns Monitoring Network (PRMN), recorded 32,000 new displacements (23,000 drought-related), bringing the total of internal displacements since the beginning of the year to 1,062,000, of which 860,000 attributable to the drought and 172,000 conflict related.

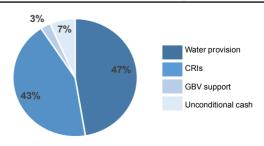

Baidoa, Bay region, continues to be the most affected district with 7,000 new arrivals in October, followed by Bari region with some 3,000 new arrivals for the same period.

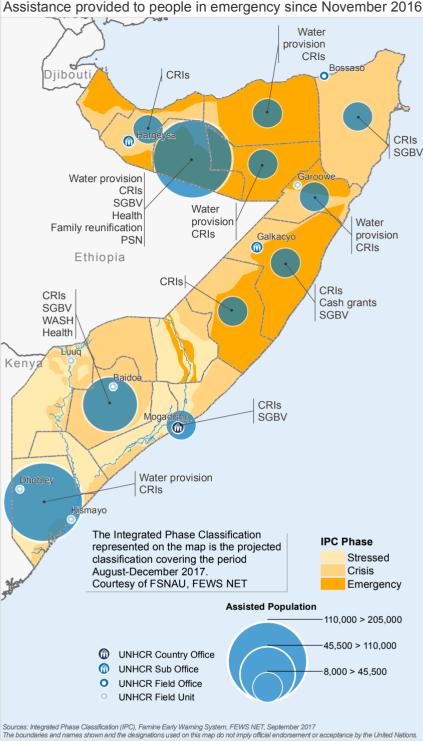

The Deyr rainy season commenced in much of the country during October but rainfall has been below average and poorly distributed (FSNAU Somalia Seasonal Monitor).

New drought arrivals by region of assistance

Breakdown of assistance during October 2017

in since Oct 2017 Nov 2016 Assistance type Provided with drinking water through water trucking, horehole
