### 2. Review of main sectoral achievements in 2017

- WFP briefly highlighted main achievements of FSA sector in 2017. In regards to coordination and information sharing, eight sectoral WG meetings were conducted, 11 monthly and three quarterly

sectoral dashboards were produced, stronger links with other sectors (e.g. Livelihoods) and governmental agencies (e.g. MoFAL; GAP; etc.) were established, as well as ten new members (both NGOs and UN agencies) were involved to the sectoral activities.

- Throughout 2017, monthly food assistance was extended to up to 152,000 refugees living in both Temporary Accommodation Centres (TACs) and host communities (68% of planned) and around 900 beneficiaries were trained in modern agriculture technologies (23% of planned).
- In the last quarter of 2017, main sectoral achievements were linked to capacity building and planning activities. Namely, the survey to identify capacity building needs in the FSA sector was carried out and its results will help to shape current needs, priorities and ways to strengthen the capacity of partners in the FSA sector in 2018. In addition, FSA chapter of 3RP for 2018-19 was finalized and sectoral work-plan for 2018 was drafted.

### **3. Discussion of sectoral work-plan for 2018**

- FAO presented the draft of sectoral work-plan for 2018, which consists of the following five main chapters:
  - Strengthening coordination and coherence mechanisms among FSA actors
  - Promote a coherent sector approach to FSA
  - Strengthen information management in the sector
  - Capacity Development
  - Cross cutting and inter-sectoral issues
- The work-plan outlines main outputs under each of the above-mentioned objectives along with related deliverables, leading agencies, partners engaged in activities and planned timeframes.
- During the discussion of the work-plan partners proposed to explore existing opportunities for engagement of the private sector, while considering that, in general, this is more feasible to implement on project-implementation level. Partners also suggested inclusion of exercises related to mapping of the stakeholders and identification of gaps. Partners were interested in possibility of establishment of an association (union) of Syrian farmers in Turkey. FAO noted that they are currently developing a concept note for this to initiate first steps already in 2018.
