

Who is doing what, where?
Energy and Environment

Where?	Who?	What?
Gambella	NRDEP	Protection of natural resources and shared environment through; <ul style="list-style-type: none"> • Nursery development and raising of seedlings • Distribution of seedlings to refugee and host communities • Woodlot development for domestic fuel • Transplantation of plants in selected sites • Soil and water conservation • Environmental awareness raising
Melkadida	GAIA	Improve access to alternative energy through; <ul style="list-style-type: none"> • Installation of solar street lights • Maintenance of solar street lights and solar lanterns • Establishment and training of energy cooperatives • Awareness and sensitization on solar energy technologies
	SEE	Protection of natural resources and shared environment through; <ul style="list-style-type: none"> • Soil and water conservation • Seedling raising and plantation • construction of terraces and land rehabilitation
	PWO	Protection of natural resources and shared environment through; <ul style="list-style-type: none"> • Raise and transplant multipurpose seedlings • Land rehabilitation and protection • Construction of water and soil conservation structures
Assosa	GAIA	Improve access to alternative energy through; <ul style="list-style-type: none"> • Provision of ethanol fuel and stove • Production and provision of briquette fuel • Provide training on briquette fuel and stove production • Provision of training on stove use and efficiency • Provision of training on energy saving practices
	NRDEP	Protection of natural resources and shared environment through; <ul style="list-style-type: none"> • Seed raising and tree plantation • Establishment of community based woodlot • Construction of terraces and check dams • Construction of firebreaks • Provision of environmental education and awareness raising
	LWF	Installation of biogas plants in Bambasi for communal kitchen
	IRC	Installation of solar powered water pumping system in Bambasi
Jijiga	GAIA	Improve access to alternative energy through; <ul style="list-style-type: none"> • Provision of ethanol fuel • Provision of training on energy saving practices • Maintenance of ethanol stoves and solar lanterns
	SEE	Protection of natural resources and shared environment through; <ul style="list-style-type: none"> • Seed raising and transplanting • Construction of terraces and check dams

Shire	ARDO	<p>Protection of natural resources and shared environment through;</p> <ul style="list-style-type: none"> • Seedling raising and plantation • Construction of terraces and check dams • Area enclosure
	i.t.d UPM	<ul style="list-style-type: none"> • Installation of grid connected street lights • Improvement and extension of electricity grid • Training on electricity and electrical installations
	ZOA	Production and distribution of Briquette fuel
Afar	OSD	<p>Protection of natural resources and shared environment through;</p> <ul style="list-style-type: none"> • Undertaking environmental education sessions • Seedling raising and plantation • Area enclosure <p>Promotion of renewable energy through;</p> <ul style="list-style-type: none"> • Provision of improved cooking stoves • Provision of household solar lanterns • Provision of alternative domestic fuel
	EECMY	<p>Improve access to alternative energy through;</p> <ul style="list-style-type: none"> • Provision of ethanol fuel and stove • Provision of household solar lamps • Provide training on ethanol stove and solar lantern use
