Areas of intervention and key activities

Area of intervention 1: Direct emergency assistance

-  Education in emergencies
-  Provision of Non-Food Items (clothes, cooking kits, etc.)
-  Provision of adequate and safe accommodation in shelters or with host families
-  Provision of primary and specialised medical attention
-  Provision of humanitarian transport
-  Access to food and nutrition
-  Distribution of hygiene kits and adequate water and sanitation infrastructure
-  Cash assistance

Area of intervention 2: Protection response

-  Protection monitoring
-  Legal assistance and legal advice
-  Information campaigns on access to services for Colombian returnees
-  Support to regularize status and documentation
-  Attention to people with specific needs (children, elderly, indigenous, victims of trafficking, women with particular needs, etc.)
-  Strengthening of community organizations and networks

Area of intervention 3: Socio-economic and cultural inclusion

-  Promotion of effective access to basic services, including health, education, public services, and housing
-  Support access to the labor market, including validation of qualifications and employability training with support of the public and private sectors
-  Promotion of social cohesion and peaceful coexistence between different communities

Area of intervention 4: Strengthening capacity of host government

-  Strengthening national and local institutions, through technical assistance and increasing the operational capacity for the response to the refugee, migrant and returnee population
-  Technical assistance in the development of a comprehensive regulatory framework and public policies
