# Inter-Agency Contingency Planning

# Contingency Plan 2020: What is New?

---

Page 17

The first Lebanon interagency contingency plan was produced in 2016, updated 2017 and 2018, with increasing focus on operational and area-based preparedness:

This year, review process involve:

- Light review of the contingency plan placing less focus on the actual scenarios and more emphasis on **concrete operational preparedness at regional level.**
- **Area-based contingency plans**, developed as part of multisectoral approach in 2018, are reviewed and enhanced.

## Regional Planning Figures 2019

Scenario	Planning Figure
Renewed Armed Conflict with Israel	<p>130,000 individuals overall figure: 125, 000 North and 5,000 Akkar (Lebanese-IDPs, current refugees)</p> <p><b>Based on UNICEF Contingency Planning Figures – 2019.</b></p>
New Refugee Movements	<p><b>No specific planning figure suggested in the north. Needs to be covered through regular response.</b></p>
Armed Clashes in Palestinian Camps	<p>70,000 refugees living in Badawi and Nahr El Bard camps. <b>2019 planning figures</b></p> <p><b>Crisis could manifest in the form of civil unrest, affecting PRL, PRS, Syrian Refugees and Lebanese.</b></p>

## Review and Complete the Minimum Preparedness Actions

---

Page 19

At the regional level, review:

- **The regional contingency plan 2019**
- **Regional planning figures,**
- **Early warning indicators and triggers**
- **Suggested coordination architecture**

Review and update matrix sheets:

- **Preparedness actions**
- **Response activities**
- **Communications tree**

# Inputs for Regional Plan - Deadlines

---

Page 20

North Deadlines:

- **Sectors to submit their inputs by 31 October**
- **IA North to compile and review inputs by 15 November**
- **15 November /IA North submission to Beirut**

**THANK YOU.**
