Malak, a seven-year-old refugee from Syria, is doing her homework with help from her eight year old sister Aryam. The two sisters, their four siblings and their parents Ashraf Al Ali, 43, and his wife, Rana Alsalm, 37, fled Deir ez-Zor in Syria in 2017. From Turkey they passed to the Greek island of Lesbos, where they stayed at Kara Tepe accommodation site before being settled in an apartment in Tripoli, Peloponnese. There, the eldest children are now attending school. In 2018 the youngest member of the family, Rawan, was born in Tripoli.

UNHCR, in co-operation with the municipality of Tripoli and PARNONAS development company, offer 302 places in apartments for vulnerable asylum-seekers through the EU-funded ESTIA Program.

By the end of December 2019, UNHCR had created 25,766 places in the accommodation scheme as part of the ESTIA programme. These were in 4,523 apartments and 14 buildings, in 14 cities and 7 islands across Greece.

The Accommodation Scheme<sup>1</sup> provides rented housing to vulnerable asylum-seekers and refugees in Greece. Urban accommodation helps restore a sense of normalcy and provides better access to services, including education and health. People are additionally supported by social workers and interpreters who help them access medical services, employment, language courses and recreational activities.
