IDP SAFETY AUDIT REVIEW

NOVEMBER 2020

XUDUR

CCCM Cluster
SOMALIA
CAMP COORDINATION AND CAMP MANAGEMENT

OBJECTIVES OF THE SAFETY AUDIT

To observe and evaluate site/section/block level protection/GBV risks associated to the camp layout, camp infrastructures and services such WASH, shelter as well as safety and security;

To understand vulnerabilities that make affected population more expose to GBV risks, particularly women and girls;

To recommend mitigation measures to be taken collectively by humanitarian actors to reduce the identified risks and/or vulnerabilities identified.

METHODOLOGY

AVORD conducted safety audit for 16 IDP sites they manage in Xudur

Conducted in November 2020

Tool is based upon observation and focus group discussion

Represent a snapshot of one moment in time

Areas covered:

- Camp Layout/design
- Shelter
- Nutrition
- Health
- Wash
- Education

CAMP LAYOUT AND DESIGN

Xudur
District

16
Assessed IDP Sites

CCCM Cluster SOMALIA
CAMP COORDINATION AND CAMP MANAGEMENT

25% Sites have enough space between shelters and other structures to easily walk

56% Sites have public lighting
