Summary of discussions and agreements/ action points

| Agenda | Discussion | Agreements/ Actions |
|--|---|--|
| 1. Preliminary Findings of the Multi Sector Needs Assessment Alin Luchian, MSNA Focal Point with REACH Initiative. | Findings on the central needs of Ukrainian families that are in Moldova were presented. Consultations were conducted with all sectors in a participatory manner to create a wider picture of the needs in the country. The methodology covers all Ukrainians that are in Moldova. There are 2 population groups: 1) those living in CARs and 2) those living in hostels. Face to face interviews were conducted to 704 individuals. Questions were addressed to families. The findings are significant however tracing of the interviewees is difficult due to the fact that permanent addresses was hard to obtain. 574 interviews were conducted in communities and 130 in 39 RACs. | REACH: Alin Luchian: alin.luchian@reach-initiative.org UNICEF (Monitoring and Evaluation Specialist) elaur@unicef.org |
