WORKING WITH PARTNERS

MAIN ACTIVITIES

PROTECTION

- UNHCR held a meeting with its governmental partner, the National Commission in Charge of Refugees (CNCR) on the biometrics of Conventional Travel Documents. During the meeting, the counterparts recommended the organization of a workshop with stakeholders to discuss the issue.
- As part of the cessation clause for Ivorian refugees, continued sensitization of the five households applying for legal integration who do not have documents for voluntary repatriation.
- During the month of June, UNHCR received and assisted 11 persons of concern, including nine refugees, two asylum seekers on issues related to resettlement, documentation, and the asylum application procedure in Mali.
- UNHCR registered ten Ivorian children whose births have not been declared to the civil registry by their parents and transmitted the list to its partner AMSODE to establish supplementary judgments.
- UNHCR has received 14 requests for support through its Blue Hotline, of which six were resolved.

Community Mobilization

- On 20, UNHCR, in collaboration with the Malian authorities, refugees and other partners, celebrated the World Refugee Day in regions where it operates (Bamako, Gao, Kayes, Menaka, Mopti, and Timbuktu). The celebration was marked by official ceremonies, cultural and sports activities, exchange spaces, conferences, and debates on the situation of refugees in Mali and their needs.
- As part of World Refugee Day, UNHCR organized a conference debate on the socio-economic integration of refugees. Led by a panel of organizations involved in access to employment, it enabled around one hundred participating refugees to discover opportunities for socio-economic integration and how to access them.

Education

- In June, UNHCR supported 19 refugee graduates' application's for Bioforce's (a training and vocational guidance center for humanitarian professions) short-term training. Their applications are currently being reviewed

- In June, UNHCR supported the assessment and transfer of 489 refugee and displaced pupils (386 girls and 103 boys) from the SSA/P learning centers to classic schools after a few months of learning in these SSA/P centers. These centers train out-of-school children through accelerated courses of nine months.
- UNHCR supported 200 forcibly displaced students, including 74 girls, with remedial courses to better prepare for the end-of-school-year exams in the Gao and Menaka regions.

Child protection

- In the Gao and Menaka regions, UNHCR provided psychosocial assistance to 71 refugees, IDPs and host community children (44 boys and 27 girls).
- On 16 June, UNHCR participated in the celebration of the Day of the African Child with Malian authorities and other UN agencies in Bamako and other regions where it operates.
- In Koro, in the Mopti region, UNHCR and its partners sensitized 143 refugees and IDPs children (including 87 girls and 56 boys) on Child Protection and the inclusion of children at risk.
- In Mopti, at the Soccoura IDPs site, UNHCR distributed birth certificates to a hundred internally displaced children and sensitized IDPs and host communities on the importance of birth registration for children and their right to education.
- In Bandiagara and Sio, in the Mopti region, UNHCR and its partners sensitized a total of 194 IDPs on the importance of birth registration.
- During the period under review, in Douentza, the Mopti region, UNHCR trained 35 persons of concern (including 18 girls) on the protection and rights of children.

GBV

- In June, UNHCR referred 26 GBV cases to medical services to receive psychosocial and medical support.
- In Douentza, in the region of Mopti, UNHCR Mali provided dignity kits to three GBV survivors.
- UNHCR and its partners conducted 20 awareness-raising sessions on GBV in the northern and central regions, reaching 578 persons, including 391 women, 108 men, 53 girls and 26 boys.
- UNHCR's Field Unit in Menaka organized a training workshop on the management of GBV cases with the participation of 15 people from State services and organizations involved in the fight against GBV in the region.

Mixed Movements:

- In June, 936 persons (296 men, 172 women, 16 boys, and seven girls) of various nationalities were identified in mixed movements in Mali. Among those registered, there were 28 persons with special needs. Many of these people on the move have suffered psychological and emotional abuse, theft, extortion and destruction of property, racketeering, arbitrary arrest and detention, assault, and battery. In addition, the low presence of actors at the border municipalities is an obstacle to the care of identified persons with special needs.
- UNHCR conducted a total of 46 awareness-raising sessions in the regions of Gao, Mopti, and Timbuktu, reaching 1,238 persons, including 569 men, 655 women, ten boys and four girls. These sensitizations focused on the refugee status determination process, Asylum procedures in Mali, the consequences of irregular migration, the importance of civil registration, and prevention against COVID-19.

Durable solutions:

Resettlement:

- On 28 June, UNHCR Mali facilitated the resettlement of a Congolese family of six persons to Canada. The household is composed of a female and her four children who have lived in Mali for years.
- UNHCR Mali is preparing the resettlement process for another Burkinabe refugee household to Sweden. The head of the household was seriously injured during a car accident in Gao, after which UNHCR has evacuated him to Bamako on a special flight.
- During the reporting period, UNHCR submitted five cases of a total of 18 resettlement candidates to the Regional Bureau for West and Central Africa for review.

Voluntary repatriation

- On 24 June, the Malian Government officially proclaimed the Cessation Clause on the end of the refugee status for Ivorians living in Mali. As a reminder, this proclamation follows the Government of Cote d'Ivoire and those of several countries, including Mali, signing the Cessation of refugee status Clause for most Ivorian refugees.
- UNHCR finalized the registration process of Ivorian refugees applying for voluntary repatriation. In total, 80 households of 350 persons have deliberately decided to return to their country. Discussions are underway to organize their repatriation in the first week of August 2022.

Statelessness:

- As part of the naturalization process of Mauritanian refugees in the region of Kayes, UNHCR facilitated the establishment of 75 residence certificates for 40 men and 35 women.

SHELTER & NON-FOOD-ITEMS (NFIs) & WATER, SANITATION, AND HYGIENE (WASH)

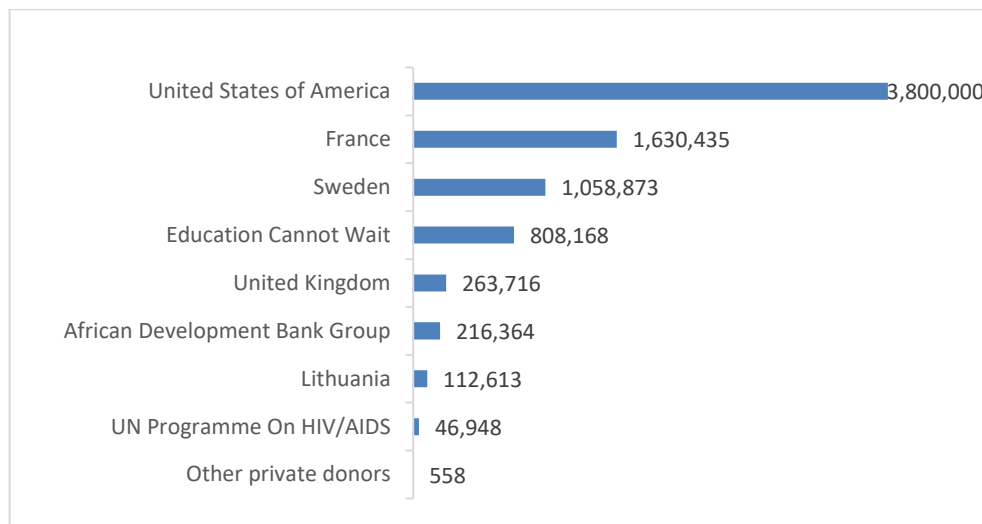

- In Timbuktu, UNHCR distributed 384 tarpaulins to 384 refugee households.
- In Menaka, UNHCR and its partners provided 68 Refugee House Units (RHUs) to refugee and IDP households, erected 87 family tents on the Menaka IDP site, and rehabilitated ten mud shelters for returning refugees.
- In Timbuktu, UNHCR provided NFIs to 719 households of 4,909 refugees (including 1,267 women, 513 men, 1,569 girls, and 1,560 boys). The NFIs comprise 2,246 mats, 2,168 blankets, 2,168 mosquito nets, 1,243 kitchen kits, 1,962 lamps, and 1,962 buckets.
- In total, UNHCR Mali and its partners organized 14 awareness-raising sessions on hygiene practices in Gao, Menaka, Mopti, and Timbuktu, reaching 700 persons.
