As of 27 September 2022

30,000

Individual refugees
from Ukraine recorded
in Hungary

has 77
members

from 37
organizations

The Hungary MHPSS Task Force

Meets on the last
Wednesday of each month

Objectives

1. Provide a technical platform for better coordinated and focused inter-agency emergency response to the **mental health and psychosocial support (MHPSS)** needs of populations of concern in Hungary
2. **Strengthen safe and ethical service provision** aligned with Inter-Agency Standing Committee (IASC) standards, analysis and transparent sharing of data and information pertaining to MHPSS needs, priorities and activities in Hungary, including needs assessments
3. Promote and support **quality MHPSS interventions** through joint capacity building activities to ensure quality standards
4. Promote the **engagement and leadership of the government** and encourage the representation of diverse MHPSS partners and stakeholders within the task force, including government partners, UN agencies, and I/NGOs
