Emergency response in the Doolo zone of Somali region
Week 10 - as of 12 May 2023

Settlement Approach in the Doolo Zone

Driven by the Federal and Regional Governments’ proactive commitment to the Global Compact for Refugees (GCR) and the Comprehensive Refugee Response Framework (CRRF), the refugee settlement approach in the Doolo Zone promotes solutions planning and social cohesion from the outset of the emergency. It entails refugees’ access to and inclusion within local service provisions such as education, health, and livelihoods - alongside their host communities. The inclusion environment also promotes strong social networks, peaceful coexistence, and sustainable self-reliance mechanisms.
