Hungary: Refugee Response Plan 2024

ACTIVITYINFO REPORTING - STEP-BY-STEP GUIDE (March 2024)

This document details the steps required for RRP partner reporting focal points to follow to be able to access to the ActivityInfo database and report progresses in the response and funding. For any clarification, please contact the UNHCR IM Unit (hunbuim@unhcr.org). Before you begin, please note the following:

- Reporting is open to all partners currently responding to the refugee emergency. While it is mandatory for RRP partners, all RCF organizations are warmly encouraged to report.
- The reporting has 3 components. You can access the 3 components from your ActivityInfo account, once you have logged in:

- Organisations can report online (through the ActivityInfo webpage) or offline (through the import template to be uploaded through ActivityInfo). The offline import template is of help if you have multiple submissions at the same time, for example, if your organisation has to report against many indicators or locations.

**IMPORTANT:** If you are receiving funding from UNHCR, IOM, UNICEF or another RRP partner, you should not report against funding or activities implemented with funding from that UN agency / RRP partner (this is because the UN organization / RRP partner will report on your behalf; please clarify this with the UN organizations or other RRP partner). You are welcome to compile the narrative component and your inputs will be considered.

Log in into ActivityInfo: [www.activityinfo.org](http://www.activityinfo.org) and Log In to proceed. If you do not have a username and password, please send an email to: hunbuim@unhcr.org.
