As of January 31, 2025, UNHCR Armenia has received 63% of the required \$11.3 million to assist asylum seekers, refugees, and stateless persons. Continued funding is urgently needed to sustain our efforts. UNHCR's response in Armenia is made possible thanks to the generous support of major donors who have contributed unrestricted funding to UNHCR's global operations, and to donors who have generously contributed directly to UNHCR operations in Armenia. (France, EU).

UNHCR is grateful to all our donors in 2025 (as of January 2025): Sweden, Norway, Denmark, Netherlands (Kingdom of the), United Kingdom of Great Britain and Northern Ireland, Switzerland, Republic of Korea, Australia, France, Ireland, Belgium. As well as for the generous contributions from private individuals and the private sector.
