Returns assisted by UNHCR Afghanistan

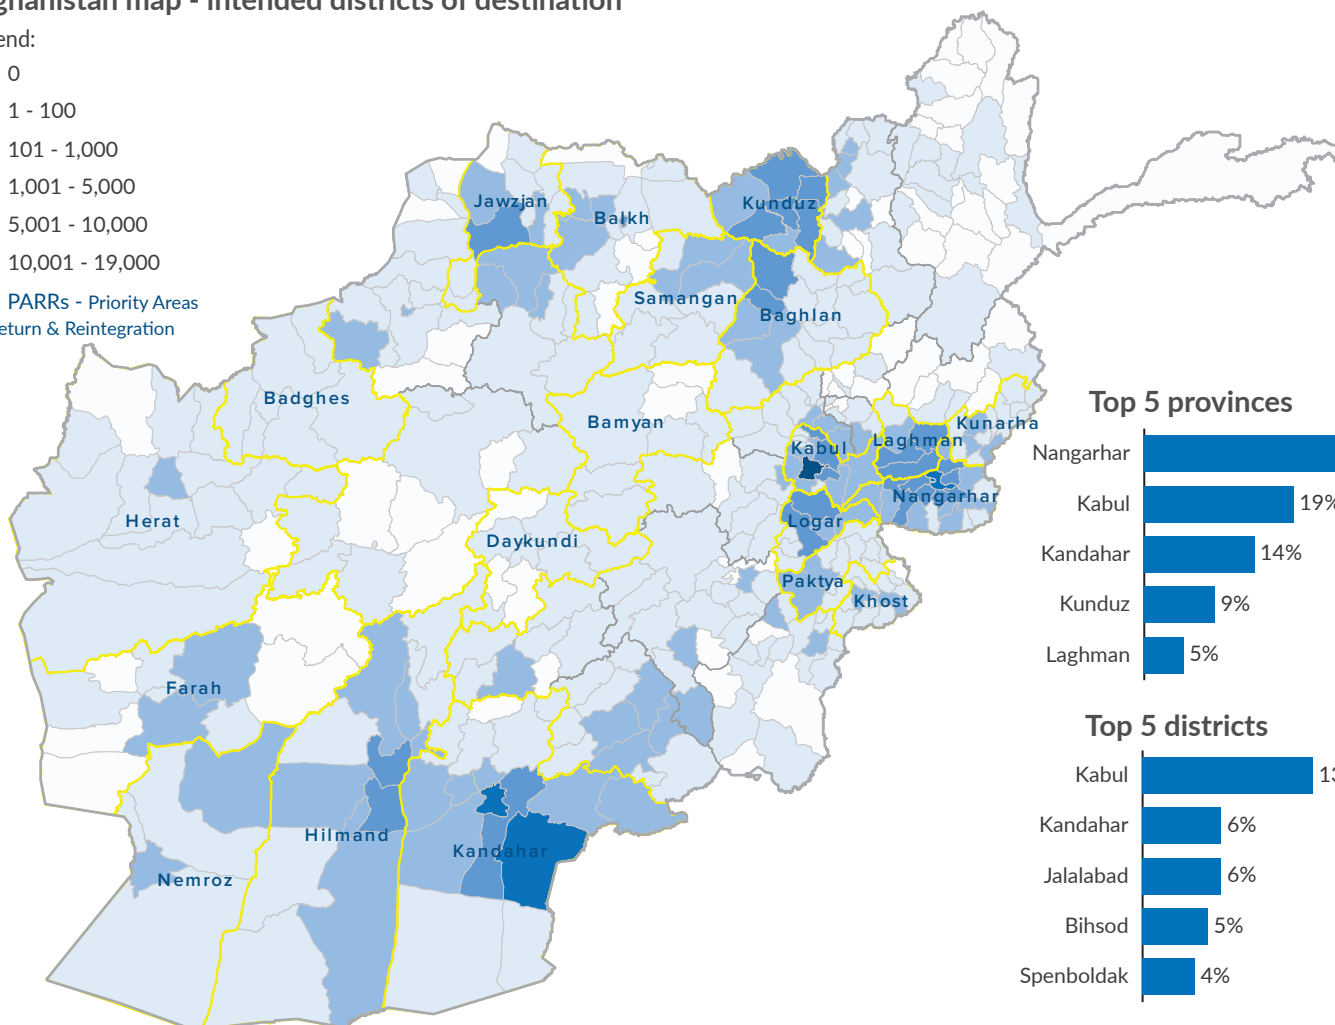

In Afghanistan, UNHCR continued to biometrically process and provide cash assistance to PoR card holders and their nuclear family members, UNHCR slip holders, asylum seeker certificate holders and other Protection referrals. This support aimed to alleviate the difficulties faced by Afghan nationals who returned home hastily, and often largely unprepared due to the circumstances in Pakistan.

Since 15 September 2023, over 131,100 individuals returning from Pakistan have been provided with cash assistance in Kabul, Kandahar and Jalalabad encashment centres, including over 82,600 PoR cardholders. Out of the assisted, some 2.4% are individuals with disabilities and over 3,300 PoR card holders, UNHCR slip holders and Asylum certificate holders were deported.

### Border Protection Monitoring

UNHCR and its partner Wadan in Afghanistan have scaled up protection activities at the border. Daily presence consists of Border Protection monitoring through interviews with returnees including deportees in order to identify protection concerns and risks, as well as their intended areas of return in Afghanistan. Help desks have been set up to boost protection screening interviews, identification and referral of individuals to be assisted by UNHCR.
