

The Lebanon Response Plan (LRP) brings together humanitarian and stabilization efforts to address the needs of vulnerable groups from all nationalities living in Lebanon. It supports individuals and communities across all governorates, working in close coordination with the Ministry of Social Affairs and sector line ministries. Each sector aligns its activities with assessed priorities, delivering support at the individual, household, community, and institutional levels. In doing so, the LRP not only responds to urgent needs but also helps reduce pressures on public services and systems, while strengthening resilience and contributing to stability.

This dashboard summarizes examples of assistance provided to vulnerable Lebanese under the LRP sectors, highlighting the collective efforts to ease pressures and strengthen national systems.
