Syria governorates IDPs and IDP returnees overview

As of 25th September 2025

Key Figures

In Syria, an estimated 7 million individuals remain internally displaced (IDPs), residing both within communities and in IDP sites.

As of 21 August 2025, 4,8 million are estimated to be living outside IDP sites, while 1,4 million reside in 1,782 IDP sites and camps in Northwest Syria (NWS) and Northeast Syria (NES). The events of November 27,2024, and recent incidents in Sweida have triggered further displacement, with over **892,071** new IDPs reported as of 25th Sep, 2025. At the same time, IDP returns continue, with **1,863,863** individuals reported to have returned home since November 27, 2024, including **980,899** returning from IDP sitessince December 8, 2024
