

The WaSH Sector At a Glance report presents a snapshot of achievements under the regular Lebanon Response Plan (LRP), the Flash Appeal response and the LRP Addendum. The WaSH Sector works to sustain and restore access to safe water, sanitation and hygiene for the most vulnerable people in Lebanon while strengthening the public institutions that deliver these services. The figures shown here cover **1 January – 30 September 2026**, reported through ActivityInfo and sector partner reporting. Population figures are presented as totals across the three reporting streams, which overlap and are not reported separately.

Note: Some beneficiaries reported under the Flash Appeal may also be captured under regular LRP reporting, particularly where interventions and target populations overlap. These figures should therefore not be considered mutually exclusive or aggregated without accounting for potential duplication.

January – September 2026 Sector Funding Status (*)

All streams

(January – September)

LRP

(January – September)

Total Required: **\$177.00 M**
Received in 2026: **\$42.04 M**
Carry over from 2025: **\$33.19 M**
42.50% funded

Flash Appeal

(March – August)

Total Required: **\$80.00 M**
Received in 2026: **\$18.18 M**
Carry over from 2025: **\$1.78 M**
24.95% funded

LRP Addendum

(September – December)

Total Required: **–**
Received in 2026: **\$1.15 M**
Carry over from 2025: **\$0.00 M**
0.65% funded (vs LRP appeal)

2026 Population Reached

LRP Regular Reporting (informal settlements + emergency)

 **2,750,932**
People in Need

Reached: 528,057 (24%)

Targeted: 2,200,166

Flash Appeal Reporting (emergency response only, March – August)

 **1,000,000**
People in Need

Reached: 1,087,797 (109%)

Targeted: 1,000,000

LRP Addendum Reporting (September – December)

 **920,704**
People in Need

Reached: 95,539 (16%)

Targeted: 599,246

2026 Population Figures

	 People in Need	 People Targeted	 People Reached
Lebanese	1,741,715	1,444,685	340,592 (24%)
Displaced Syrians	789,431	657,451	187,262 (28%)
Palestine Refugees in Lebanon	119,777	61,987	201 (<1%)
Palestine Refugees from Syria	10,724	5,534	2 (<1%)
Migrants & Other	89,285	30,536	0 (0%)
Total	2,750,932	2,200,166	528,057 (24%)

Key Achievements – Regular LRP Reporting (informal settlements + emergency, January – September 2026)

Informal settlements (January – September 2026)

 **112,629**
Displaced Syrians in informal tented settlements reached with essential WaSH services

 **123,000 m³**
Water provided through trucking to informal tented settlements

 **60,416 m³**
Desludging provided to maintain safe sanitation conditions

System support to public water and wastewater services (January – September 2026)

 **2.8 M**
People with access to a sufficient quantity and quality of water for drinking and domestic needs through system-level support

 **247+**
Repair & maintenance interventions at water station level

 **300,000 L**
Diesel delivered to 9 water stations across the Bekaa and Beirut Mount Lebanon Water Establishments

 **1.35 M**
People served by functioning wastewater treatment plants

 **77**
Repair & maintenance interventions across 7 WWTPs and 16 pumping stations

 **700,000 L**
Diesel delivered to 8 WWTPs and 31 pumping stations across Bekaa, Baalbek, South, Beirut and the North

Note: This achievement includes beneficiaries of emergency repair and maintenance of water supply systems in conflict-affected areas. While contributing to the humanitarian response by maintaining essential water services, these interventions also support longer-term stabilisation and continuity of service delivery.

Key Achievements – Flash Appeal Reporting (emergency response, March – August 2026)

Affected people assisted with temporary access to adequate quantity of safe water for drinking and domestic use

200,088 (100%) 200,000

Affected people assisted with temporary access to improved, safe sanitation services (minimum sector standards)

88,688 (44%) 200,000

Affected people who received critical WaSH hygiene items and participated in a WaSH behaviour change session/activity

200,577 (100%) 201,000

Displaced people benefiting from water supply and wastewater services through system support (fuel, repairs, spare parts)

891,797 (111%) 800,000

Reported activities

217,110 m³
Water trucking delivered

3,000,000 L
Water tanks provided

3,620,661 L
Bottled water distributed

1,000,000 L
Fuel provided to water and wastewater facilities

324
Stations supported

127
Repair & maintenance interventions

6,790 m³
Desludging services provided

150,317
Hygiene kits distributed

103,240
MHM kits distributed

18,900
Baby kits distributed

2,720 | 2,132
Centre kits | incontinence kits

3,060
Awareness sessions held

624 | 1,339
External | internal showers installed

279 | 3,482
External latrines installed | latrines rehabilitated

1,041
Water heaters installed

Cross-cutting Highlights

52% | 48%
Female | male share of people reached across reported WaSH results (January – June 2026)

2:1
Female-to-male allocation of latrines and showers introduced as a standard in collective shelters

10%+
Of supported sanitation facilities designed or operated to be disability-inclusive

Key Achievements – LRP Addendum Reporting (September 2026 onwards)

Emergency component (reported through ActivityInfo, September 2026 onwards)

Affected people assisted with temporary access to adequate quantity of safe water for drinking and domestic use

Affected people assisted with temporary access to improved, safe sanitation services (minimum sector standards)

Affected people who received critical WaSH hygiene items and participated in a WaSH behaviour change session/activity

Reported activities (emergency component)

22,060 m³
Water trucking delivered

16,000 L
Water tanks provided

52,912 L
Bottled water distributed

507 m³
Desludging services provided

4,698
Hygiene kits distributed

4,929
MHM kits distributed

891
Baby kits distributed

329 | 200
Centre kits | incontinence kits

462
Awareness sessions held

0 | 14
External | internal showers installed

2 | 73
External latrines installed | latrines rehabilitated

18
Water heaters installed

Informal settlements (August & September 2026)

72,394
Displaced Syrians in informal tented settlements reached with essential WaSH services

19,579 m³
Water provided through trucking to informal tented settlements

10,131 m³
Desludging provided to maintain safe sanitation conditions

System support to public water and wastewater services (August & September 2026)

30+
Repair & maintenance interventions at water station level, ensuring continuity of supply for 354,217 people including IDPs

28+
Repair & maintenance interventions across 7 WWTPs and 16 pumping stations

Cross-cutting Highlights

52% | 48%
Female | male share of people reached across reported WaSH results (January – June 2026)

2:1
Female-to-male allocation of latrines and showers introduced as a standard in collective shelters

10%+
Of supported sanitation facilities designed or operated to be disability-inclusive

Operational Context

The first half of 2026 was marked by a significant escalation of hostilities, resulting in widespread displacement, increased humanitarian needs and additional pressure on already stretched services and infrastructure across Lebanon. WaSH partners rapidly scaled up emergency water, sanitation and hygiene assistance in collective shelters and conflict-affected areas while maintaining essential interventions under the Lebanon Response Plan. Following the ceasefire and the start of population returns, the Sector progressively adapted its assistance toward areas of return, prioritizing on the basis of vulnerability and severity criteria, while sustaining the operation of public water and wastewater systems through rapid repairs, spare parts and fuel support.

WaSH Sector Partners (86)
