Gaps And Actions

Partner	Issue/Gap	Actions (Resp)
GOAL	Concern of nutrition across Maban No Access by Road to Bugaya PHCU: difficult to assess	
MSF	Requested Vaccines & Plumpy Nut from UNICEF, told to get from RI	Fu RI and UNICEF Juba Note; UNICEF states much vaccines from Juba can be picked up
SP	Surgical /Trauma Supplies Lighting/power/Water in Bounj PHCC+ had private donor and is thus working on it Only ward is 15 beds too small for number being seen Thus ?tent ward	Talk to NFI cluster re tent ward. 1 room in PHCC+ is filled with nets can be moved to make ward? FU with unicef re bed netes to be moved
SCiSS/MRDO	Poor storage in all facilities, EPI services needed . Some facilities need renovation Solar fridge needs to be installed	Speaking with UNICEF to work out need.
MOH/CHD	No information! CHD Need support at county level Jamum Facility, no kerosene/cold chain	Collect data at county level, IMA to assist
SIM	Low on main essential drugs	
MOH / WHO	No EWARN system at present in Maban County	All partners weekly reporting of IDSR to county, state and Juba at same time
MoH / EPI	EPI on arrival must be done: level done with returnees and refugees?	MOH SMOH WHO UNICEF to follow up UNICEF has buffer stock in juba for partners
