■ Refugees in Kenya

** Those for whom no information is recorded

50km

The table and map provide proportional indicators for the number of refugees originating from each State (administrative level 1) in South Sudan, representing approximately 84% of the refugees who have arrived in Ethiopia, Uganda, and Kenya since 15 Dec 2013 (those who have undergone registration level 2). Information on the areas of origin for refugees in Sudan is not yet available since UNHCR has only recently been granted access to formally register refugees.

The boundaries and names shown and the designations used on the maps do not imply official endorsement or acceptance by the United Nations. Final boundary between the Republic of Sudan and the Republic of South Sudan has not yet been determined. Final status of the Abyei area is not yet determined.
